It makes perfect business sense

The Newcastle Work Experience (NWE) scheme offers a cost effective and flexible solution to short term business needs. With easy access to the expertise of over 18,000 undergraduate and postgraduate students at Newcastle University, NWE's project-based work placements can help you fill a business need while also bringing a fresh perspective to your organisation.

**“** *We are already seeing a considerable increase in interest and bookings from UK Universities far beyond our traditional numbers. When most travel companies are seeing a downturn, Sarah's project made a difference of £100,000 to the bottom line of the company.* **”**
