

Launch Event

March 8th 2011 from 2-7pm
Kings Hall, Newcastle University
Only £40 per person

The CPR National Primary Network is a direct response to requests from teachers and others who attended regional and national dissemination events following publication of the final report in October 2009. This event launches the regional group which is coordinated by Newcastle University and spans Northeast England and Cumbria and will offer the chance for you and your organisation to get involved.

It aims provide a summary of the Cambridge Primary Review recommendations alongside an introduction to the aims of the network, nationally and regionally. It will showcase innovative pedagogy in local schools inspired by the CPR and provide opportunities to network with other practitioners in the region as well as the Cambridge Primary Review team.

Agenda
