We would like to invite you to the Annual Conference of the North East Dementias and Neurodegenerative Diseases Research Network (NE DeNDRoN).

This conference is open to staff of all disciplines, both those who are involved with undertaking, supporting or managing clinical research and those who are not yet involved but who would just like to find out more about the work of the DeNDRoN research network.

As you see we have assembled an excellent programme with a rich multi-disciplinary mix of regional and national speakers, many of whom have international reputations.

There is no charge to attend the conference. However pre-registration is mandatory and places are strictly limited so please reply as soon as possible and by 30 October 2009 at the latest to secure your place.
