

Windows 7 - Wireless Setup

Left Click on this  symbol on the task bar (*Bottom right corner of the screen*)

Click “ncl-uni-wifi-setup” from the list of Networks.

Leave the box “Connect automatically” un-ticked then click “Connect”

You are now connected to the Setup Wireless which lets you download the program to install the correct certificates for Newcastle-University Wireless. (You cannot use Setup wireless for normal web browsing)

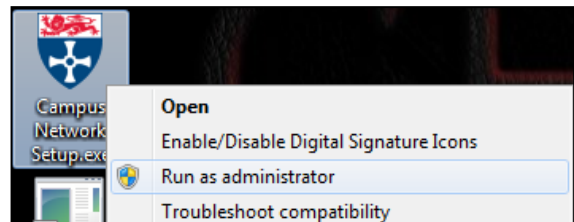

Click the “Windows 7 Start Orb”  (*Bottom left corner of the screen*)

In the search box  type the following address:-

<http://connect.ncl.ac.uk/services/netapp/>

You will now be connected to the Connect page with a link to the Campus Network Setup program; click the  button and save the file.

Locate the file then **Right-Click** on it and click “Run as administrator”

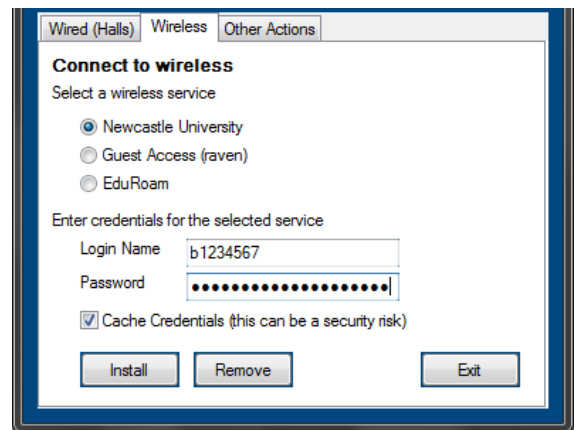

Click “Wireless” Tab

Select “Newcastle University”

Enter your University Login name and Password

If you want Windows to remember your details so you won't be asked again tick the box next to “Cache Credentials”

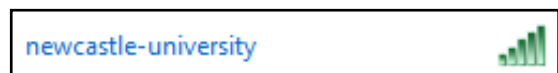

Click “Install”

Connect to “Newcastle-University” wireless access point

Left Click on this  symbol on the task bar (*Bottom right corner of the screen*)

Click “Newcastle-University” from the list of Networks.

Click “Connect”

(Connect to this network every time you want to use Wireless at Newcastle University)

If you still have problems; Network Connection Clinics are in the Old Library Cluster room Monday-Friday 10am-4pm
Help also available at <http://connect.ncl.ac.uk/>

Windows 7 - Docking Setup (Halls of Residence with a Network Cable)

Connect the “Network Cable” to your PC

Click the “Windows 7 Start Orb”

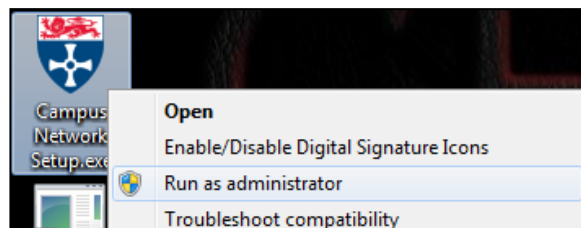

(Bottom left corner of the screen)

In the search box type the following address:-

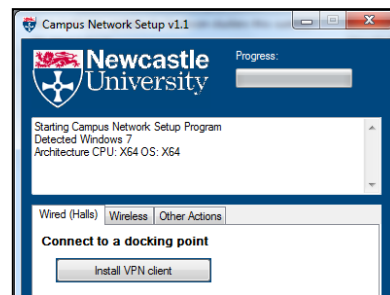

<http://connect.ncl.ac.uk/services/netapp/>

You will now be connected to the Connect page with a link to the Campus Network Setup program; click the  button and save the file.

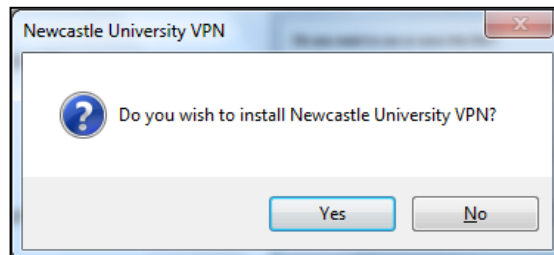

Locate the file then **Right-Click** on it and click “Run as administrator”

Click “Install VPN client”

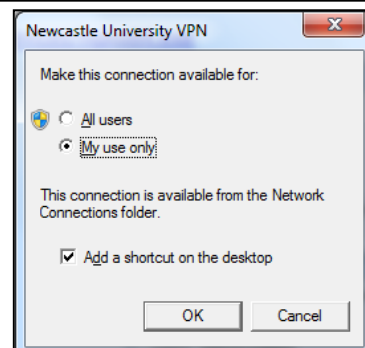

Click “Yes”

Select “My use only” and tick the box next to “Add a shortcut on the desktop”

Click “OK”

You will now have a Shortcut on the desktop; each time you want to connect to the internet using Docking you need to double click the icon and enter your University Login name and Password then click connect.

If you still have problems; Network Connection Clinics are in the Old Library Cluster room Monday-Friday 10am-4pm
