

# WE VALUE YOUR OPINION.

We will continually look to improve your student experience. Now that you have experienced some of our trips it would be useful to receive some feedback from you. I would be grateful if you could spend a few minutes providing feedback and suggestions for future trips.

How many trips did you go on?

Which trips did you attend?

Which trips would you go on again?

Which trips would you not attend again and why?

Are trips organised on weekends the best option for you?

Did the trip enable you to meet fellow postgraduate students?

What other trips would you like to be included in the schedule?

Was the transport suitable for you?

Would you recommend other students to attend these trips?

**Thank you for your feedback!**

**Ali**
