Our Facilities

Newcastle University has invested £32 million into its sporting facilities. Rugby has greatly benefited from this with three 3G artificial pitches, a performance ergo room and medical treatment and rehab space at the historic Cochrane Park Sports Ground, where the pavilion looks over the first team floodlit pitch.

As a member of the Rugby team, you will have a full time Strength and Conditioning programme with access to our modern facilities and equipment.

Chris Ferriter - Head of Rugby Athletic Performance

Chris Ferriter is a UKSCA Accredited Coach with an MSc in Strength and Conditioning to go alongside eight years of experience working at Newcastle University, City of Sunderland ASC and British Para-Swimming. Chris has worked the full breadth of the athletic development pathway from junior to professional athlete.

Chris has three key pillars that underpin the Athletic Performance Programme:

1. Mitigate injury and build robust players by developing a strong base of athleticism
