

Creating a rubric in Turnitin

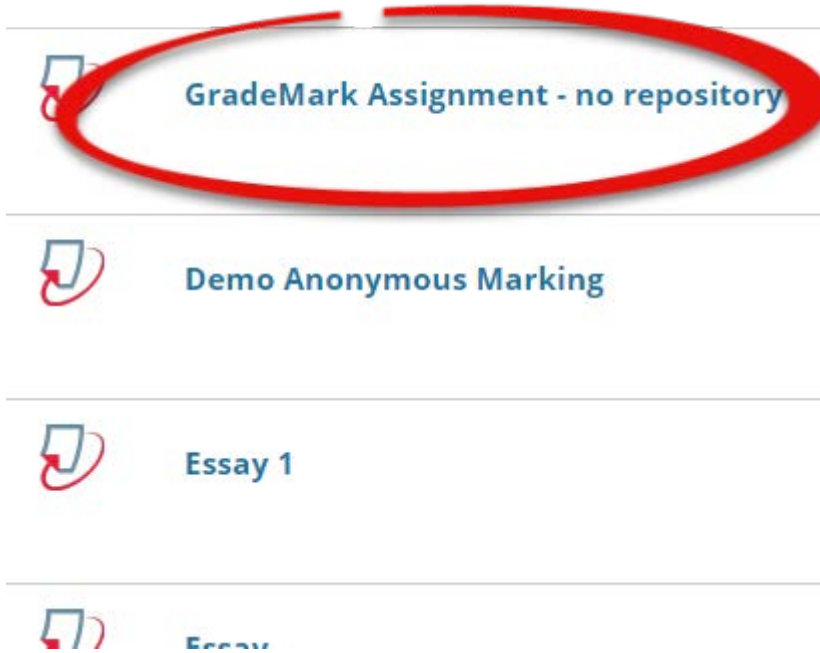

Rubrics are a set of rules/guidelines that are used in the marking process. Rubrics can be used to mark any assessment type. They can help the marker provide consistency in marking, and will help students understand why, in relation to the marking criteria, they received the mark they were given.

1. With edit mode on, go to **Control Panel>Course Tools>Turnitin Assignments**.

11. If you are creating a rubric that will calculate the score, you can add numbers to the right of the scale title. These numbers will be represented on a sliding scale that you use to mark each section.

12. To add more criteria rows, or scale columns, click the **+** symbol.

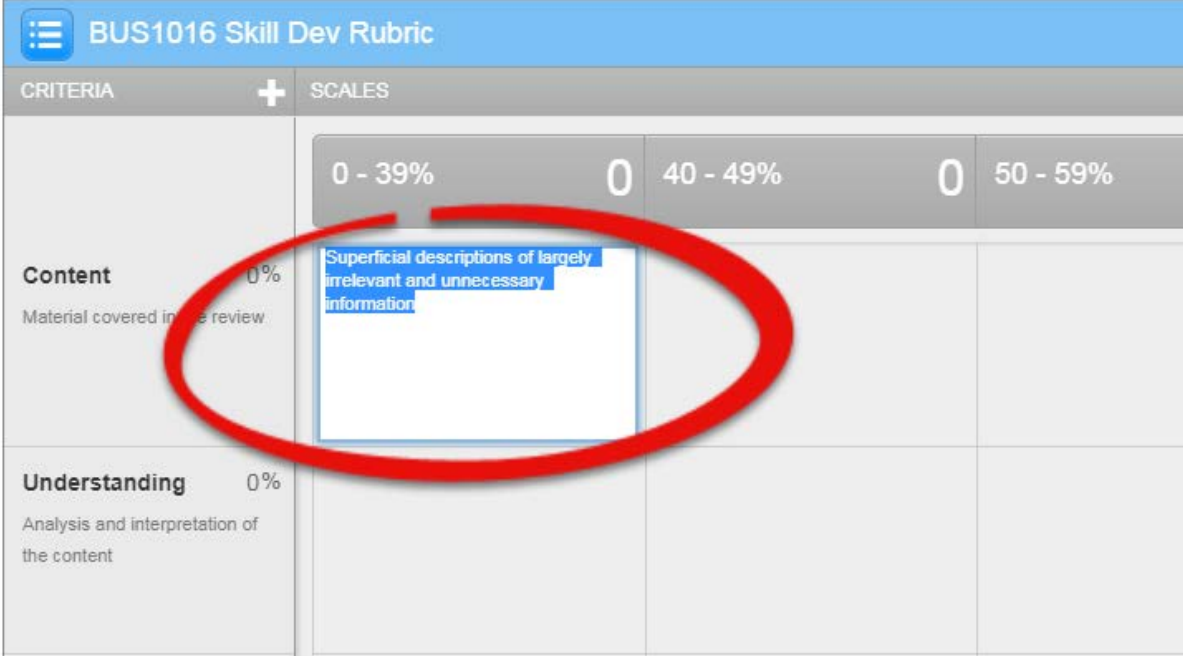

13. Click on the **percentage** next to the criterion to assign a percentage of the total mark to that criterion. This needs to be completed if you are using the Turnitin rubric to calculate an overall mark.

TEL Guides

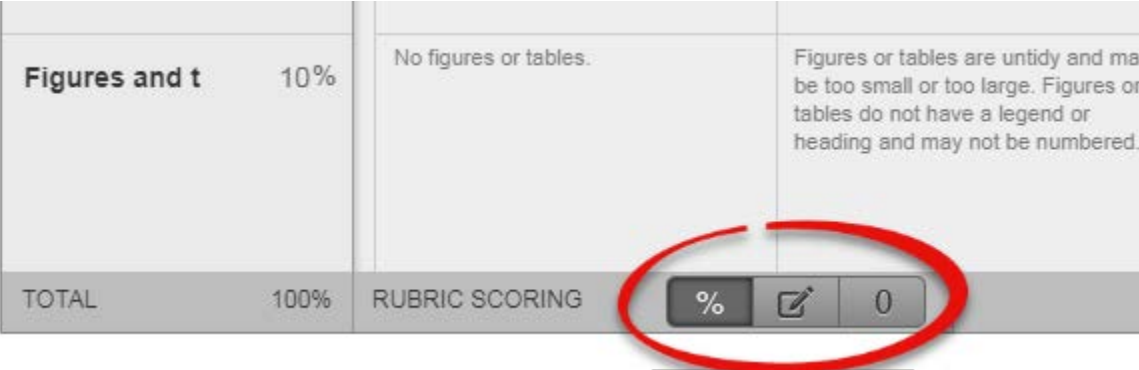

14. Click on the **relevant square** in the rubric to add feedback.

CRITERIA	+	SCALES			
			0 - 39%	40 - 49%	50 - 59%
Content Material covered in the review	0%		0	0	0
Understanding Analysis and interpretation of the content	0%				

15. At the bottom of the rubric, choose the **type of rubric** you are creating.

- A standard rubric is one that calculates the overall score using the weighted criteria
- A qualitative rubric that provides standard feedback without automatically calculating the score
- A custom rubric that allows values to be inputted directly into each rubric cell
