Living in Newcastle
Here are just 5 reasons why our students consider ‘The Toon’ their second home...

Reason 1...
Our campus is right in the heart of the city centre, so you’re never far from all that Newcastle has to offer. The city is very compact, so it’s easy to get around, and you won’t have to travel far to lectures from our centrally located accommodation.

Reason 2...
Our student social life is top-rated.* From legendary nightlife, to world-class arts, music and sport, and a multitude of shopping and dining options, Newcastle has it all!

*Top 10 in the UK (Times Higher Education Student Experience Survey 2017)

Reason 3...
Student-friendly and safe – one in six people in Newcastle is a student, so you’ll be in good company. You’ll soon see why we’re ranked 3rd in the UK for city life.*

*Whatuni Student Choice Awards 2017

Reason 4...
A fantastic city with a global reputation, Newcastle was recently rated number one place in the world to visit in 2018 by The Rough Guide.

Reason 5...
Newcastle is a beautiful city to live in, with Georgian buildings standing alongside iconic, modern architecture, plenty of green spaces (including two parks next to the University), and the coast and countryside on your doorstep. We’re also well connected for travelling further afield, with train and coach stations in the city centre and the nearby international airport.

Student accommodation at Newcastle University
There are many reasons for choosing to live in our student accommodation:

Added extras included in your rent

*Up to a set amount for Managed Partnership schemes. Excludes family accommodation

Incredible student experience
You will meet people from diverse social and cultural backgrounds, and make friends for life in our supportive communities. We have a Facebook page for University-owned accommodation, so you can make friends before you arrive. Visit www.facebook.com/Accommodation.NCL for details.

Putting your safety first
Staff are on call 24 hours a day, and most residences provide on-site support during office hours. Entryphone systems and CCTV are installed in most accommodation.
Please note: ongoing building work in the city may cause disturbance to residents at some accommodation sites.

Park View Student Village
NE2 4BS

University-managed accommodation
Length of contract: 40 weeks

- 1,261 self-catered en suite rooms
- 16 single studios

Facilities include: TV (licence included); free WiFi; indoor bicycle storage; CCTV/entryphone.

Park View Student Village is our newest accommodation, available to students from September 2018. The £75 million development consists of 1,261 self-catered, en suite bedrooms in four-, six-, seven- and eight-bedroom flats and single-person studios across six residential blocks. These are all located on campus close to the Medical School, and within 10 minutes’ walk to the city centre. The University Sports Centre, which is currently being expanded, is just across the road, making Park View a perfect choice for those looking to stay fit.

Following student feedback, Park View has been designed to provide modern, comfortable and spacious flats. You will also enjoy access to two on-site laundries, as well as a central multi-use common room with social, gaming and study areas.

While living with us, you can feel safe; we have CCTV on site, and University security officers are contactable 24/7 for your peace of mind.

Alongside the contemporary design and excellent facilities, you will benefit from a great quality of service. We have a dedicated residence team who will look after you throughout your stay, whether you’re in need of a repair, a piece of advice, or just want to chat to someone. With many years of collective experience, our staff are here to make sure you feel at home from the moment you arrive.

Please note: as the Sports Centre undergoes an expansion, some noise from the building site may be experienced during your stay at Park View Student Village. If you are noise sensitive, you might want to take this into consideration before applying to stay in this accommodation.

The facts....

Park View was built using an innovative modular building method, joining pre-filled modules to create each block. This method allowed us to complete the project in just two years.

The residence consists of 789 modules – if stacked together, they would be approximately seven times the height of The Shard in London.

The total floor area of Park View is 37,000m² – it would take approximately 5.2 St James’ Park stadiums to cover the same area.

Living in private accommodation

Newcastle University provides a variety of accommodation types suitable for most students. We do appreciate that, for many reasons, some students may wish to lead a more independent life and choose not to live in our accommodation. As a city, Newcastle is fortunate to have a large supply of alternative accommodation options in the private sector:

- **larger purpose-built residential blocks**, many of which are situated in and around the city centre, provide en suite and studio living, with all utility bills included. This option appeals to students who are willing to pay a bit extra to be closer to the city-centre attractions, have their own bathroom facilities and want the ease of not having to pay for utility bills separately.

- **smaller individual properties** that house from two up to eight students with shared bathroom facilities. These are mostly based in the suburbs, in areas such as Jesmond, Heaton, Fenham and Sandyford, which are situated a short distance from the University and city centre. This type of accommodation is especially popular with students who are continuing their studies, but may also appeal to new students who wish to pursue a more independent lifestyle, seek cheaper rent, or are arriving with their families.

The smaller properties are generally let to groups of students on joint leases where the group is jointly responsible for the rent and property. Some landlords offer inclusive utility packages, in most cases you will need to pay your gas, electricity, water and internet bills yourself, in addition to the rent.

Most private accommodation providers require a deposit at the point of sign-up. If you are unable to provide a rent guarantor, you will most likely be required to pay the full rent in advance. Many providers also charge administration fees, so you should ensure you are aware of all the terms and conditions and any upfront costs before committing to a contract.
