

# Under 18s Policy - University Owned Accommodation or Managed Partnerships Accommodation

---

## Purpose Statement

To promote and safeguard the welfare of students who are under 18 whilst living in University Owned or Managed Partnerships accommodation.

## Applicability and Scope

This policy is applicable to students, aged under 18, who have a contract, or a booking for University Owned or Managed Partnerships accommodation.

## Definition

Under 18s: Any student whose 18th birthday falls after the first day of the Tenancy Agreement of the year of entry to the University. The policy will cease to apply to students once they reach their 18th birthday.

## Policy Statements

The University cannot assume parental responsibility for any student under the age of 18. Students and their families should bear in mind that Newcastle University is an adult environment. Students are expected to behave like adults and to assume adult levels of responsibility. Students are expected to have the necessary skills to study and live independently alongside people from a wide variety of backgrounds. Places in accommodation are offered at Newcastle on the understanding that the student will be able to adapt to living away from home and to look after themselves in all practical matters.
