- (a) in a manner suitable to the type and nature of the Goods and the means of transport being used; and
 - (b) in accordance with any special requirements stated in the Contract.
- 6.2 Without prejudice to Condition 4, the Supplier shall cause all Goods (including all external packaging) supplied by it to the University to be suitably and sufficiently marked, endorsed and labelled with information and advice necessary to instruct and warn such persons into whosoever hands the Goods shall come about any hazards to health and/or safety arising from despatching, receiving, handling, using or possessing the Goods and also about the necessary precautions to be taken in respect thereof. Provided however that it shall not be reasonably practicable to mark, endorse or label the Goods accordingly, the Supplier shall fully instruct and advise such persons by any accompanying notice at the time of despatch and take all necessary steps to ensure such notice is given to all persons into whose hands Goods shall come.
- 6.3 All Goods shall be marked to ensure conformance with all applicable laws and the University's written requirements.

7. **INSPECTION AND TESTING**

- 7.1 Before despatching the Goods, the Supplier shall carefully inspect and test them for compliance with the Contract. The Supplier shall, if requested by the University, give the University reasonable notice of such inspections and tests and the University shall be entitled to be represented thereat. The Supplier shall at its own expense also supply to the University certificates of the results of inspections and tests in such form as the University may require.
- 7.2 It is expressly agreed that the University will be entitled at any reasonable time to inspect and test the Goods during manufacture, processing or storage, and the Supplier shall at its own expense provide or procure the provision of all such facilities as may reasonably be required by the University thereof.
- 7.3 If as a result of any inspection or test under Condition 7.1 or 7.2 the University's representative is of the opinion that the Goods do not comply with the Contract and/or are unlikely on completion of manufacture or processing or Delivery so to comply, the University may:
- (a) notify the Supplier and the Supplier shall take such steps as are necessary to ensure such compliance; and/or
 - (b) terminate the Contract without liability by giving written notice to that effect to the Supplier.
- 7.4 Nothing in Condition 7.1, 7.2 or 7.3 above nor any failure of the University to exercise its rights thereunder shall release the Supplier from any of its obligations or liabilities under the Contract or affect the University's rights and remedies under the same.

8. **RISK AND OWNERSHIP**

- 8.1 Risk of damage to or loss of the Goods shall pass to the University on Delivery or as otherwise stated in the Contract provided that, where the University rejects any part of the Goods in accordance with Condition 12, risk in that part shall revert to the Supplier.
- 8.2 Ownership of any Goods shall pass to the University upon Delivery, unless payment for any Goods is made prior to Delivery, when ownership shall pass to the University once payment has been made.

 - (d) not be disposed of other than in accordance with the University's written instructions;
 - (e) not be used otherwise than as authorised by the University in writing; and
 - (f) be returned to the University on demand.
- 8.4 The Supplier shall keep all University materials, equipment, tools, dies and moulds at such location agreed with the University and shall keep such equipment clearly identified at all times as the property of the University.

9. **RELATED SERVICES**

If the Contract involves any works or services related to the supply of Goods (including installation, testing and configuration of the Goods) then the following conditions shall apply:

- 9.1 The Supplier warrants to the University that the works and/or services:
- (a) will conform in every respect with the provisions of and requirements and standards of performance set out in the Contract;
 - (b) will be performed:
 - (i) using the degree of skill, care, prudence, supervision, diligence, foresight, quality control and quality management which would be adopted by a leading professional provider of the works and services;

- (a) all applicable laws that relate in any way to the works and services and/or the Premises where the works and services will be performed;
- (b) the University of Newcastle upon Tyne Code Of Safety Practice For Suppliers Working For Academic Departments; and
- (c) all other rules, policies and reasonable instructions notified to the Supplier by the University.

9.2 Any Goods that are installed incorrectly shall be deemed to not comply with the Contract.

10. **OBSERVANCE OF REGULATIONS**

10.1 The Supplier's representatives, when employed within the boundaries of the Premises, shall comply with such rules, regulations and requirements (including those relating to security arrangements) as may be in force for the conduct of personnel at the Premises. Details of such rules, regulations and requirements shall be provided, on request, by the University.

10.2 Except as provided in the Contract, neither the Supplier nor any of its employees or agents shall carry out any business or trading activity within the confines of the Premises and no advertisement, sign or notice of any description shall be exhibited without prior written approval of the University.

11. **PRICE AND PAYMENT**

11.1 The Price and terms of payment are as stated in the Order. Unless expressly stated in the Order, the only monies to be paid by the University in connection with the supply of the Goods are the Prices and all Prices:

- (a) are fixed prices;
- (b) shall be quoted, invoiced and paid in sterling;
- (c) are inclusive of all costs and expenses incurred by the Supplier including:
 - (i) packaging, insurance, carriage and delivery costs; and
 - (ii) taxes, customs, duties and other public dues, except VAT.

11.2 No increase in the Prices may be made for any reason without the prior written consent of the University. The University shall be entitled to any discounts for prompt payment, bulk purchase, volume or purchase customarily granted by the Supplier.

11.3 Subject to the supply of the Goods in accordance with the Contract, the Supplier shall invoice the University for the Prices for the Goods in the

manner and at the times set out in the Contract. In the absence of any such provisions in the Contract, the Supplier will invoice the University for the Price for the Goods following Delivery and/or acceptance of the Goods (whichever the later). All invoices must be sent to the invoicing address indicated on the Order and must quote the full purchase order number of the Order.

- 11.4 Invoices shall be valid VAT invoices in such form as requested by the University in writing and accompanied by such information as the University may reasonably require in order to verify the Supplier's entitlement to payment. Value Added Tax, where applicable, shall be shown separately on all invoices, as a strictly net extra charge. The Supplier shall, if so requested by the University, furnish such information as may reasonably be required by the University as to the amount of Value Added Tax chargeable on the value of the Goods supplied in accordance with the Contract and payable by the University to the Supplier in addition to the Price.
- 11.5 Unless stated in the Contract, payment of any sums due under the Contract becomes due 28 days following receipt of any undisputed and properly submitted invoice.
- 11.6 Where the University disputes an invoice, the University is entitled to withhold the whole or part of the invoice to the extent of the amount in dispute, and shall pay the balance (if any) that is undisputed; the University shall promptly notify the Supplier of its reasons for withholding any amount under this Condition 11.6. Should a dispute arise in relation to an invoice, the parties will meet within seven days of the University notifying the Supplier of its reasons for withholding the relevant amount and each party will act in good faith to attempt to resolve the dispute.
- 11.7 The Supplier is not discharged from performance of its obligations by reason only that some or all of the Price is withheld under Condition 11.6. No payment made by the University will constitute acceptance or approval by the University of the Goods or otherwise prejudice any rights or remedies which the University may have against the Supplier including the right to recover any amount overpaid or wrongfully paid to the Supplier.
- 11.8 The University may set off against the Price any sums owed to it by the Supplier, in connection with the Contract or any other agreement entered into by the parties.
- 11.9 If any sum payable under the Contract is not paid on or before the due date for payment the Supplier will be entitled to charge the University interest on that sum at 4% per annum above the base lending rate from time to time of Barclays Banks Plc from the due date until the date of payment (whether before or after judgment), such interest to accrue on a daily basis. Such interest will not be chargeable on any sum disputed in accordance with Condition 11.6 for any period during which the payment of such sum remains disputed. The parties agree that this Condition 11.9 is a substantial remedy for late payment of any sum payable under the Contract, for the purposes of the Late Payment of Commercial Debts (Interest) Act 1998, in particular because:
 - (a) the interest rate is greater than the interest rate available to the Supplier in respect of cash on deposit which is immediately available; and

- (b) the other provisions of the Contract reflect, and take into account, the overall relationship between the parties, and so it would be inappropriate for a higher interest rate to apply.

11.10 The provisions of Condition 11.9 are in lieu of statutory interest, which shall not accrue on any late payments.

12. **REJECTION AND TERMINATION**

12.1 Without prejudice to Condition 14.3 and/or any other rights or remedies available to the University (whether express or implied), if the whole or any part of the Goods do not conform in all material respects with any of the terms of the Contract and the Supplier has failed to remedy such non-conformance without delay (as determined in the University's reasonable opinion), the University may:

- (a) terminate the Contract without compensation or other liability being owed to the Supplier immediately by giving written notice to that effect to the Supplier; or
- (b) require the Supplier, at the University's option, to promptly repair or replace the relevant Goods free of charge or to refund the Price for the relevant Goods,

and, in either case, the University will be entitled to recover from the Supplier any and all liabilities, losses, damages, costs and expenses incurred by the University as a result of the non-conformity of the Goods, including in obtaining substitute goods from another supplier.

12.2 Conditions 12.1 and 14.3 will apply to any repaired or replacement Goods supplied under Condition 12.1(b).

12.3 The University shall not be deemed to have accepted the Goods until the University has had reasonable time to inspect and test them following delivery or, if later, within a reasonable time after any latent defect becomes apparent.

12.4 The University shall not be deemed to have accepted the Goods by virtue of having requested the Supplier to repair or replace the Goods under these Terms and Conditions.

13. **FORCE MAJEURE**

13.1 Neither party shall be liable for failure to perform or delay in performing its obligations under the Contract to the extent that such failure results from a Force Majeure Event and, if the affected party is the Supplier, the impact of that Force Majeure Event could not have reasonably been avoided or prevented by the Supplier.

13.2 If a Force Majeure Event occurs, the party affected will:

- (a) promptly upon becoming aware of the Force Majeure Event give the other party written notice of the occurrence, anticipated duration and impact of the Force Majeure Event;

- (b) use reasonable endeavours to mitigate the effects of the Force Majeure Event, to continue to perform the affected obligations notwithstanding the occurrence of the Force Majeure Event and to ensure that the Force Majeure Event comes to an end; and
 - (c) continue to perform all of its obligations under this Agreement the performance of which are not affected by the Force Majeure Event.
- 13.3 If any Force Majeure Event prevents, hinders or delays performance of all or any part of the obligations of a party for more than 30 days, then by written notice to the Supplier the University may terminate the Contract without liability as of the date specified by the University in the notice.

14. **WARRANTY**

- 14.1 The Supplier warrants and represents to the University that it has full right, power, capacity and authority to provide the Goods and it is fully qualified, equipped, financed and organised to perform the Contract.
- 14.2 The Supplier represents and warrants to the University that it is fully experienced, qualified, equipped to perform its obligations under the Contract.
- 14.3 Without prejudice to Condition 12.1 and/or any other rights or remedies available to the University (whether express or implied), the Supplier shall, without delay, promptly repair or replace (at the University's option) all Goods which are or become defective during the period of 12 months from the University first using such Goods in the ordinary course of its business or 18 months from Delivery, whichever the earlier, where such defects occur under proper usage and are due to faulty design, Supplier's erroneous instructions as to use or inadequate or faulty materials or workmanship, or any other breach of Supplier's obligations or warranties relating to the Goods whether expressed or implied.
- 14.4 Conditions 12.1 and 14.3 will apply to any repaired or replacement Goods supplied under Condition 12.1(b).

15. **LIABILITY FOR ACCIDENTS AND DAMAGE**

- 15.1 The Supplier will indemnify the University against all losses, liabilities, costs, damages and expenses that the University does or will incur or suffer, all claims or proceedings made, brought or threatened against the University by any person and all losses, liabilities, costs (on a full indemnity basis), damages and expenses the University does or will incur or suffer as a result of defending or settling any such actual or threatened claim or proceeding, including where they arise from the negligence of the University and in each case arising out of or in connection with :
- (a) any breach of Contract by the Supplier;
 - (b) any negligence of the Supplier;
 - (c) any claim made allegation, action, dispute or proceedings that the Goods infringe the Intellectual Property Rights of any third party;

- (d) claim made against the University in respect of any breach or alleged breach by the University of any applicable law (including any statutory provision, regulation or bylaws) arising from the acts or omissions of the Supplier or its employees, agents or sub-contractors; or
 - (e) any defective design (other than a design made, furnished or specified by the University and for which the Supplier had disclaimed responsibility in writing within a reasonable time after receipt of the University's instructions), defective materials or defective workmanship.
- 15.2 The Supplier (but without limiting its obligations and responsibilities under the Contract) shall maintain insurance policies with a reputable insurer which provide cover in respect of all of the Supplier's potential liabilities in connection with the supply of the Goods and its performance of its obligations under the Contract.
- 15.3 In addition to the obligations under Condition 15.2, the Supplier shall take out and maintain:
 - (a) public/product liability insurance with a minimum per claim limit of indemnity of at least £1,000,000 for each and every claim; and
 - (b) employers liability insurance with a minimum per claim limit of indemnity of not less than £10,000,000 for each and every incident; and
 - (c) any other insurances which the Supplier is required by applicable law to maintain,and the Supplier shall maintain such insurances for the term of the Contract and for a period of not less than six years after the Contract has expired or terminated.
- 15.4 The Supplier shall whenever required produce evidence satisfactory to the University that the policies required by this Condition 15 are in force.
- 15.5 Upon the University's written request, the Supplier will promptly provide full policy documents that evidence the policies required to be held in accordance with this Condition 15 together with evidence to meet the University's satisfaction of payment of all relevant premiums.
- 15.6 If the Supplier is in breach of Conditions 15.2 to 15.3 the University may itself insure against any risk that should have otherwise been insured against by the Supplier, and may (at the University's option) deduct a sum or sums equivalent to the amount paid or payable in respect of premiums from any monies due or to become due to the Supplier under the Contract or recover such sum or sums from the Supplier as a debt (such debt falling due when the University makes payment of the relevant amount).
- 15.7 Nothing in the Contract will operate to exclude or restrict one party's liability arising out of or in connection with the Contract, whether in contract, tort, misrepresentation, restitution, under statute or otherwise, including any liability under an indemnity contained in the Contract and/or arising from a

breach of, or a failure to perform or defect or delay in performance of, any of a party's obligations under the Contract, in each case howsoever caused including if caused by negligence (if any) to the other:

- (a) for death or personal injury resulting from its negligence;
- (b) for its fraud or fraudulent misrepresentation;
- (c) for breach of its obligations arising under section 12 Sale of Goods Act 1979; or

15.8 Subject to Condition 15.7 and unless otherwise expressly stated in the Contract, the University's maximum aggregate liability arising out of or in connection with the Contract, whether in contract, tort, misrepresentation, restitution, under statute or otherwise, including any liability arising from a breach of, or a failure to perform or defect or delay in performance of, its obligations under the Contract, in each case howsoever caused including if caused by negligence shall be limited to the total Prices paid and/or payable by the University under the Contract.

16.2 The Supplier warrants and represents that the supply of the Goods to the University and the use by the University of the Goods (if the Supplier has been made aware of the intended use) shall not in any way infringe any Intellectual Property Right except where the design for the Goods was made, furnished or specified by the University.

16.3 If any third party claims that the possession, use and/or the supply of all or any part of any Goods, materials or other items to a Protected Party by or on behalf of the Supplier ('**Indemnified Items**') infringes the Intellectual Property Rights of that third party or of another person ('**IPR Claim**'), the Supplier will indemnify each Protected Party against all losses (including without limitation all direct, indirect and consequential losses), liabilities, costs (on a full indemnity basis and including without limitation legal and other professional costs and costs of enforcement), damages and expenses that the University does or will incur or suffer, all claims or proceedings made, brought or
