This up dated listing is formatted in two parts: -

Country

and then

Alphabetical Listing

The entries are self-explanatory although not every organisation has the same amount of data available, the complete list of information is as follows: -

General Category

Specific Activity

Name

Address

Contact Name

Telephone No

Fax No

Email Address

Web Address

Facebook Address

Flickr Address

Twitter Address

YouTube Address

The alphabetical listing in this section is straight forward, the front page clearly marks what 'World Area' is used which is then split into geographical regions and then into the Countries. The only 'World Areas' where this does not apply is Oceania and the British Isles where only the country names are stated.

We have also produced a separate pdf file for all of the organisations which is called the 'General Category Index' which lists all of them so that you can see what organisations we have put together under the one heading. The 'General Category Index' will also show the specific activities information for quick reference.

Altogether, there are 6 'World Area' sections which are as follows: -

Africa (North of the Equator and South of the Equator)

Americas (Central & Caribbean, North and South)

Asia (North & West and South & East)

British Isles (Republic of Ireland and United Kingdom)

Europe (North & East and South & West)

Oceania (including the Southern Pacific Ocean)

All of the sections are set out as individual hard copies so that they can be printed as a hard copy or they can be used from a computer as they have active hyperlinks.

PLEASE NOTE: - We have included Gabon in the section 'North of the Equator' as its capital is north of the equator, the same premises applies to Kenya who are in the section 'South of the Equator' as its capital is south of the equator.
