

Where to access support for 9-12 month placements

Use the following chart to find out whether your school runs a placement year internally, or if you can complete your placement year through the Careers Service.

Some subject areas are unable to offer a placement year, due to course requirements. These are listed as exemptions.

If your course has a compulsory study abroad element, you would not be eligible to undertake a placement within that degree programme.

Humanities, Arts and Social Sciences

School	Managed by	Exemptions	Contact
English Literature, Language and Linguistics	Careers		cs.placementyear@ncl.ac.uk
History, Classics Archaeology	Careers		cs.placementyear@ncl.ac.uk
