ncl+ Advanced Award in Leadership 2021-22

Student Pre-Course Information

Welcome

The ncl+ Advanced Award in Leadership is a unique opportunity in which learners can back up their leadership experience with theory, reflection and certification.

The award has been designed to help you practically develop the skills and qualities required to make you an effective leader and stand out in today's job market, whilst also supporting the development of your voluntary activities and role at NUSU.

The award is endorsed by the [North Leadership Centre](#), a professional training body, and Newcastle University. Upon completion, you will receive certification from both these organisations, documentation on your HEAR when you graduate, and an Open Badge which can be displayed on LinkedIn.

Please note: students are only eligible for *ncl+ advanced awards* if they have done or are doing the *ncl+ award*. If you have not taken the ncl+ award in previous years, you must take it this academic year to be eligible, so make sure you register before Christmas break, or you will not be able to complete the award and receive the certification. If you do not do this, regardless of how many sessions you attend, you will not complete the award.

What's involved?

You will take the Advanced Award alongside your student leadership role, enabling you to reflect upon and develop your leadership journey. It may be managing a club or society, organising a large event or campaign, taking a lead on a particular project, an initiative to increase student engagement, or even a part-time job role involving supervision.

Details of assessments are included in this handbook. In addition to completing the assessments you must attend the three mandatory workshops which will assist you in completing the assessments and gaining the Award. *This year, workshops will take place online until further notice to align with university COVID-19 guidelines.*

The assignments will predominantly be set through an Assessment Booklet, which you will complete as we move through the year in set tasks. The document will be submitted via Canvas on set deadlines, becoming more and more complete until you have finished all assignments. There will also be a required presentation after Easter break, taking place either online or in person (subject to university guidelines at the time), and a small number of online learning modules to work through on Canvas.

You will be notified if you have passed the award by 17th June 2022.

Programme aims and objectives

By successfully completing the assessments, attending the workshops and delivering your chosen project, you will have adequately addressed the following learning outcomes:

- Understand the management role, both as a volunteer leader and within your future career
- Understand the purpose and application of organisational strategy, and how organisations of different size and sorts operate
- Understand the application of leadership & management approaches, styles and theories, in the context of both achieving your project's aims and objectives and in the workplace.
- Understand the knowledge, skills and behaviours to be an effective manager, and be able to review effectiveness of own leadership capability and performance

Subjects covered will include leadership and management theory for you to utilise in your projects/roles; change management with a focus on adaptability; the skills, behaviours and knowledge needed to be an effective leader; and organisational practice for leaders, to set you in good stead for the workplace.

Workshops

Active engagement in 3 workshops is mandatory in order to pass the programme. There are at least two options for each of the 3 workshops (with the same content) – you can choose which one you attend. They will take place on Zoom this year.

Workshops are provisionally set for:

- WORKSHOP 1: 24th, 26th Nov, 2 Dec
- WORKSHOP 2: 26th, 28th Jan, 3rd Feb
- WORKSHOP 3: 23rd, 25th Feb, 3 Mar
- PRESENTATIONS: 27-29th April

Each session will run on both a Wednesday (3-5pm), Friday (2-4pm) and following Thursday afternoon (3-5pm), and you can choose which one of these you attend - all 3 sessions cover the same material.

The workshops will provide you with practical skills, tips and theory to allow you to complete all assessments. We will try to make them as interactive as possible, despite taking place online.

Assessments

Assessment Booklet

Exercises, including tables and short reports, to demonstrate understanding and applications of the workshop learning.

Online Learning Modules

Short online courses to work through in your own time to supplement the subjects covered in workshop time. These allow us to cover more content without the need for longer, drawn out Zoom calls, and flexible learning time.

Assessment criteria

Learners' work is assessed to obtain a pass or referral, and these terms are defined in the back of the Assessment Booklet (Assessment Guidance section). All assessment criteria and associated tasks including the full Assessment Booklet must be completed to obtain a pass. Failure to complete any of the criteria will result in a referral.

Support

You will be offered the opportunity to have a 15 minute appointment with the Programme Leader following each workshop (should it be required) to assist in completion of the assessments. This is not compulsory.

Word Counts

The guideline word counts in the Assessment Booklet are provided as a suggestion for how long your submissions should be. There is a 10% allowance above/below these guidelines.

Additional details

Submissions received after deadlines will not be considered and will result in a referral. Extension to deadlines will only be considered in exceptional circumstances and are at the discretion of the Programme Leader.

You may find it useful to keep a log of hours and work done when preparing for your Pecha Kucha, however this is not mandatory.

Please use templates and tables where provided and stick to word counts where specified.
