Welcome
Welcome to Week 5, where the topic of the week is Student Finance and budgeting. This week, we'll run through the basics of the student finance system, including how to apply, and our tips for budgeting as a student.

Watch the Webinar - This week's webinar gives an overview of Student Finance and our top tips for how to budget as a student.

Fees and Funding - Have a look through our Fees and Funding webpage- with information on Tuitions Fees, Student Loans and Scholarships, it's vital to know what financial support is available to you as a student.

Infographic - This useful infographic outlines how to apply for Student Finance, including dates and deadlines.

Student Finance Calculator - The Student Finance calculator is a great resource which gives you an estimate of how much maintenance loan you could be entitled to as a university student- this is based off your household income.

Ask us your Questions - If you have any questions you'd like to put to our students about budgeting or Student Finance, you can head over to our Unibuddy Page.

Next Week - In the final week of this Summer Programme, we'll be looking at Study Skills.
