Newcastle University

Eligible Master’s courses for the Tier 4 visa pilot
September 2018 and January 2019

- Accounting, Finance and Strategic Investment MSc
- Advanced Architectural Design MSc
- Advanced Computer Science MSc
- Ageing and Health MRes
- Agricultural and Environmental Science MSc
- Animal Behaviour MRes
- Applied Linguistics and TESOL MA
- Applied Linguistics Research MA
- Applied Process Control MSc
- Archaeology MA
- Archaeology MLitt
- Art Museum and Gallery Studies MA
- Arts, Business and Creativity MA
- Automation and Control MSc
- Banking and Finance MSc
- Banking and Finance MSc (London campus)
- Biodiversity Conservation and Ecosystem Management MSc
- Bioinformatics MSc
- Biomedical Engineering MSc
- Biotechnology and Business Enterprise MRes
- British History MA
- Cancer MRes
- Cardiovascular Science in Health and Disease MRes
- Cell Signalling in Health and Disease MRes
- Chemical Engineering MSc
- Chemistry MSc
- Chinese Studies MLitt
- Classics and Ancient History MA
- Classics MLitt
- Clean Technology MSc
- Clinical Linguistics and Evidence Based Practice (Research) MSc
- Clinical Research/Clinical Research (Leadership) MClinRes
- Cloud Computing for Big Data MRes
- Cloud Computing MSc
- Communications and Signal Processing MSc
- Computational Ecology MSc
- Computational Neuroscience and Neuroinformatics MSc
- Computational Systems Biology MSc
- Computer Game Engineering MSc
- Computer Science MSc
- Computer Security and Resilience MSc
- Creative Arts Practice MA
- Creative Writing MA
- Cross-Cultural Communication and Applied Linguistics MA
- Cross-Cultural Communication and Education MA
- Cross-Cultural Communication and International Management MA
- Cross-Cultural Communication and International Marketing MA
- Cross-Cultural Communication and International Relations MA
- Cross-Cultural Communication and Media Studies MA
- Cross-Cultural Communication MA
- Design and Manufacturing Engineering MSc
- Diabetes MRes
- Digital Civics MRes
- Drug Chemistry MSc
- E-Business (E-Marketing) MSc
- E-Business (Information Systems) MSc
- E-Business MSc
- Ecological Consultancy MSc
- Ecology and Wildlife Conservation MSc
- Education Research MA
- Education: International Perspectives (Leadership and Management) MA
Eligible courses for the Tier 4 visa pilot

- Education: International Perspectives (Teaching and Learning) MA
- Education: International Perspectives (Technology in Education) MA
- Electrical Power MSc
- Embedded Systems and Internet of Things (ES-IoT) MSc
- Engineering Geology MSc
- English Language and/or Linguistics MLitt
- English Literature MA
- English Literature MLitt
- Environmental and Petroleum Geochemistry MSc
- Environmental Consultancy MSc
- Environmental Engineering MSc
- Environmental Regulation and Sustainable Development LLM
- Environmental Resource Assessment MSc
- Epidemiology MRes
- European History MA
- European Union Studies MA
- Evolution and Human Behaviour MRes
- Film Studies MLitt
- Film: Theory and Practice MA
- Finance and Economics (Research) MA
- Finance MSc
- Flood Risk Management MSc
- Food and Rural Development Research MSc
- Forensic Psychology MSc
- Foundations in Clinical Psychology MSc
- French MLitt
- Geotechnical Engineering MSc
- German MLitt
- Global Human Resource Management MSc
- Global Public Health MSc
- Global Wildlife Science and Policy MSc
- Health Services Research MSc
- Heritage Studies MA
- Heritage, Museums and Galleries MLitt
- History MA
- History MLitt
- History of Medicine MA
- Human Geography Research MA
- Hydrogeology and Water Management MSc
- Hydroinformatics MSc
- Hydrology and Climate Change MSc
- Immunobiology MRes
- Industrial and Commercial Biotechnology MSc
- Innovation, Creativity and Entrepreneurship MSc
- International Business Law LLM
- International Business Management MSc
- International Business Management MSc (London campus)
- International Development and Education MA
- International Development and Education with Cross Cultural Communication MA
- International Economics and Finance MSc
- International Financial Analysis MSc
- International Law LLM
- International Marine Environmental Consultancy (IMEC) MSc
- International Marketing MSc
- International Marketing MSc (London campus)
- International Multimedia Journalism MA
- International Political Economy MA
- International Politics (Critical Geopolitics) MA
- International Politics (Global Justice and Ethics) MA
- International Politics (Globalisation, Poverty and Development) MA
- International Relations MA
- International Spatial Planning MSc
- Interpreting MA
- Japanese Studies MLitt
- Landscape Architecture Studies MA
- Latin American Studies MLitt
- Law and Society (Legal Research) LLM
- Law LLM
- Linguistics (with specialist pathways in English Language, Language Acquisition, and European Languages) MA
- Local and Regional Development (Research) MA
Eligible courses for the Tier 4 visa pilot

- Management and Business Studies (Research) MA
- Marine Ecosystems and Governance MRes
- Marine Engineering MSc
- Marine Transport Management MSc
- Master of Business Administration MBA
- Materials Design and Engineering MSc
- Mechanical Engineering MSc
- Mechatronics MSc
- Media and Journalism MA
- Media and Public Relations MA
- Media and Society (Research) MA
- Medical and Molecular Biosciences MRes
- Medical Education MMedEd
- Medical Genetics MRes
- Medical Sciences MSc
- Microelectronics MSc
- Microelectronics: Systems and Devices MSc
- Mitochondrial Biology and Medicine MRes
- Molecular Microbiology MRes
- Musculoskeletal Ageing (CIMA) MRes
- Museum Studies MA
- Music MLitt
- Music MMus
- Naval Architecture MSc
- Neuromuscular Diseases MRes
- Neuroscience MRes
- Offshore Engineering MSc
- Operations, Logistics and Supply Chain Management MSc
- Organic Farming and Food Production Systems MSc
- Philosophy MLitt
- Pipeline Engineering MSc
- Planning and Environment Research MA
- Planning for Sustainability and Climate Change MSc
- Politics (Research) MA
- Portuguese MLitt
- Power Distribution Engineering MSc
- Professional Translation for European Languages MA
- Public Health and Health Services Research MSc
- Public Health MPH
- Quantitative Finance and Risk Management MSc
- Regional Development and Spatial Planning MA
- Renewable Energy Flexible Training Programme (REFLEX) MSc
- Renewable Energy, Enterprise and Management (REEM) MSc
- Social Science and Health Research MSc
- Sociolinguistics (Research) MA
- Sociology and Social Research MA
- Sociology MA
- Spanish MLitt
- Stem Cells and Regenerative Medicine MRes
- Structural Engineering MSc
- Subsea Engineering and Management MSc
- Sustainable Agriculture and Food Security MRes
- Sustainable Agriculture and Food Security MSc
- Sustainable Buildings and Environments MSc
- Sustainable Chemical Engineering MSc
- Sustainable Transport Engineering MSc
- Synthetic Biology MSc
- Systems Biology MRes
- Technology in the Marine Environment MRes
- Town Planning MSc
- Toxicology MRes
- Translating MA
- Translation Studies MA
- Translation Studies MLitt
- Translational Medicine and Therapeutics MRes
- Transplantation MRes
- Transport Planning and Business Management MSc
- Transport Planning and Engineering MSc
- Transport Planning and Intelligent Transport Systems (ITS) MSc
- Transport Planning and Modelling MSc
- Transport Planning and the Environment MSc
Eligible courses for the Tier 4 visa pilot

- Urban Design MA
- Urban Energy Technology and Policy MRes
- Urban Planning MSc
- Wildlife Management MSc
- World Politics and Popular Culture MA
