Handy School

Revision Flashcards!

Flashcards: They may just be a rectangular piece of card or paper but they can work wonders for your revision. This revision tool is ideal when you need to remember vocabulary or specific grammar points.

Simply print out this document and cut around the edges of each individual flashcard.

Flash cards can be put to a variety of uses from card games and testing aids to signposts and quick reminders.

Four ways to use your flashcards for revision:
1) Why not stick the flashcards to their corresponding items around your house or bedroom to help you remember the word for each object in your target language?
2) Keep the flashcards in your pocket to glance over when you have a spare minute for example when on a bus or when on the move.
3) Why not write a translation on the reverse of the card to test yourself before flipping the card over to check that you had the right answer.
4) Why not give the flashcards to a friend or relative and ask them to devise test questions relating to what is written on them to see if you have learnt the words. This can be nerve-wracking, but helps you get used to being on the spot on the day of your final exam.

Good luck!
