Dear Enquirer

Bequest of Body for Medical Study - Human Tissue Act 2004

Thank you for your enquiry about the bequest of your body for medical study. The attached bequeathal pack provides information about the procedure.

The Medical School will cover the costs of transporting your body to us for the following Postcode regions DH, DL, NE, SR, and TS; if you live outside of these postcodes we may be able to accept your bequest, but we would need your consent that the undertakers' costs for removal of your body would be met from your estate.

If you have now decided to bequeath your body to Newcastle University, please complete both of the enclosed consent forms, return one to us and keep the duplicate copy for your records. We appreciate very much the courage and generosity of members of the public in making these bequests. If you subsequently decide to withdraw your consent for the bequeathal of your body then please inform me.

If you need any further information please contact us. This includes if you need the information provided in other formats, for example, using large print or verbally.

If in the future you change your permanent address please inform us.

Yours sincerely
