

**Medicine Work Experience/ Shadowing Opportunities in North East
March 2018**

In this document are work experience/ shadowing opportunities provided by local health providers that we are aware of. Other local GP practices and NHS trusts may offer additional opportunities. Organisations may also offer opportunities to volunteer. Some medical schools have an expectation that applicants to medical school will have undertaken work experience. Newcastle does not insist on applicants having work experience though expects all applicants to gain insight into the role of a doctor. The value of work experience is in finding out as much as possible about what it is like to work as a doctor, not simply ticking a box to show that work experience has been done.

Organisation	Contact	Who can apply?	How to apply?
Gateshead Health NHS Foundation Trust – QE Gateshead	http://www.qegateshead.nhs.uk/workexperience	Year 12 students	Online application form
