Opportunity Scholarship

Terms and Conditions 2019/20. For students who commenced their studies between 2014/15 and 2019/20

Updated July 2019
1. If you are a UK undergraduate student and you commenced your studies at Newcastle between the 2014/15 academic year and the 2019/20 academic year then you may be eligible for the Opportunity Scholarship. You need to meet the conditions detailed in this document in order to be considered for the scholarship.

2. You need to have a household income figure at or below £35,000 to be considered for the Opportunity Scholarship.

3. In order to be considered for the scholarship you need to be income assessed by Student Finance England (SFE), Student Finance Wales, Student Finance Northern Ireland or the Student Awards Agency for Scotland. There are no exceptions to this as the University does not complete income assessments.

4. When completing the income assessment you need to ensure that you have consented to share your household income details with the University in order to be considered for a scholarship. If you are unsure if you have done this then you should contact the Student Loans Company (SLC) on 0300 100 0612.

5. If you have been classified as independent by SFE (or equivalent) then they will consider your household income to be your personal income (or your personal income and your partner’s). Any enquiries regarding a change of status should be directed to SFE (or equivalent).

6. Once you have completed the steps above then we will review your eligibility for a scholarship. If you are eligible then you will receive an email from the SLC between registration and early November. This will be sent to the email address that you have registered with the SLC. If you think you are eligible for a scholarship and you have completed all required steps but you have not received an award letter by mid-November 2019 then please contact us.

7. If you are eligible for the Opportunity Scholarship you will receive one of the following awards depending on your household income:

   - Household income at or below £25,000 - You will receive a £2,000 cash bursary
   - Household income between £25,001 and £35,000 - You will receive a £1,000 cash bursary

8. If you are approved for the scholarship then your cash bursary payments will be split as below:

   - 40% - 20th November 2019
   - 30% - 12th February 2020
   - 30% - 20th May 2020

   Any cash bursaries of £500 or less will be paid in two equal instalments in November and February.
There will be no early payments or exceptions to the above payment dates. You should allow two working days for potential delays and carefully check all bank accounts before contacting us regarding any non-payment.

9. If you are approved for the Opportunity Scholarship after the 6th November 2019 then you will receive backdated cash bursary payments **10 working days** after your scholarship has been approved.

10. Your eligibility for the Opportunity Scholarship is reassessed each year based upon your income assessment with SFE (or equivalent). We do not take into account any scholarship eligibility from previous years.

11. If you are on placement then you will **not** be considered for the Opportunity Scholarship as you will be receiving a significant tuition fee discount. However, if you are studying a partial placement and you are liable to pay the full tuition fee then you will be considered for a scholarship.

12. If you are studying **Business Accounting and Finance** you will be paying a reduced fee liability in years 2, 3 and 4 as you will be on work placement. If you are eligible for the Opportunity Scholarship you will receive a pro rata award of either a £1,332 cash bursary or a £666 cash bursary in years 2, 3 and 4 depending on your household income.

13. If you are repeating part of a year or you are studying part time then you will have a reduced fee liability. In this scenario you will receive a pro rata Opportunity Scholarship (e.g. you are paying 50% of the total tuition fee then you will receive 50% of the scholarship).

14. SFE (or equivalent) may reassess your household income during the academic year which could lead to your scholarship being cancelled. When this happens we will cancel all future bursary payments but you will not normally need to repay any instalments that you have already received.

15. You will not be considered for the Opportunity Scholarship under the following circumstances:

   a. You already hold a degree at honours level or equivalent
   b. You are receiving full or partial support from the NHS as a grant (e.g. you are studying **Speech and Language Science, Dental Hygiene** or you are in your **final year of medicine or Dentistry**)
   c. You are studying a course leading to a PGCE qualification
   d. You are already in receipt of the Promise Scholarship

   If you are studying **Dental Hygiene or Speech and Language Sciences** and you commenced your studies from 2017/18 onwards then you will be considered for the Opportunity Scholarship as you will not receive NHS funding.

   Please note that these rules are guided by government regulations stipulated by the Office for Students and **no exceptions** can be made.

16. You will not receive a scholarship, or receive backdated payments if your income assessment is completed after the final Friday of the undergraduate third term (**Friday 12th June 2020**).
17. If you withdraw or suspend your studies then **you may be required to repay part or all of your scholarship** depending on the date that you leave the University.

Please refer to the table below for further details regarding your cash bursary entitlement if you withdraw or suspend your studies.
