

Opportunity Scholarship EU

Terms and Conditions 2021/22. For EU students
who commenced their studies **between 2017/18 and
2020/21**

.....

Updated June 2021

This is for EU undergraduate 2017 – 2020 students only

- 1.** If you are an EU undergraduate student and you commenced your studies at Newcastle between the 2017/18 academic year and the 2020/21 academic year then you may be eligible for the Opportunity Scholarship. You need to meet the conditions detailed in this document in order to be considered for the scholarship.
- 2.** You need to have a household income **at or below £35,000** to be considered for the Opportunity Scholarship.
- 3.** In order to be considered for the Opportunity Scholarship you need to be income assessed by the Student Finance EU Team within the Student Loans Company (SLC).
- 4.** When completing the income assessment you need to ensure that you have **consented to share** household income details with the University in order to be considered for a scholarship. If you are unsure if you have shared these details you should contact the SLC on 0141 243 3570.
- 5.** You only need to apply for an income assessment in your first year of study. In following years you just need to apply for a tuition loan (if required) through the SLC. If you were not assessed in your first year or if there has been a household income decrease of 15% or higher then you should contact us to discuss your options.

6. If you have been classified as **independent** by the SLC then they will consider your household income to be your personal income (or your personal income and your partner's). Any enquiries regarding a change of status should be directed to the SLC.

7. Once you have completed the steps above then we will review your eligibility for a scholarship. If you are eligible then you will receive a letter from the SLC between registration and early November. This will be sent to the contact address that you have registered with the SLC. **If you think you are eligible for a scholarship and you have completed all required steps but you have not received an award letter by mid-November 2021 then please contact us.**

8. If you are eligible for the Opportunity Scholarship you will receive one of the following awards depending on your household income:

Household income at or below £25,000 - You will receive a **£2,000 cash bursary**

Household income between £25,001 and £35,000 - You will receive a **£1,000 cash bursary**

10. If you are approved for the scholarship then your cash bursary payments will be split as below:

40% - 17th November 2021

30% - 9th February 2022

30% - 18th May 2022

There will be no early payments or exceptions to the above payment dates. You should allow two working days for potential delays and carefully check all bank accounts before contacting us regarding any non-payment.

10. If you are approved for the Opportunity Scholarship after the 3rd November 2021 then you will receive backdated cash bursary payments **10 working days** after your scholarship has been approved.

11. If you are on placement then you will **not** be considered for the Opportunity Scholarship as you will be receiving a significant tuition fee discount. However, if you are studying a partial placement year and you are liable to pay the full tuition fee then you **will** be considered for a scholarship.

12. If you are studying **Business Accounting and Finance** you will be paying a reduced fee liability in years 2, 3 and 4 as you will be on work placement. If you are eligible for the Opportunity Scholarship you will receive a pro rata award of either a **£1,332 cash bursary** or a **£666 cash bursary in years 2, 3 and 4** depending on your household income.

13. If you are **repeating part of a year** or you are **studying part time** then you will have a reduced fee liability. In this scenario you will receive a pro rata Opportunity Scholarship (e.g. if you are paying 50% of the total tuition fee then you will receive 50% of the scholarship).

14. Your eligibility to the Opportunity Scholarship is continually reviewed. Failure to continue meeting the eligibility criteria could lead to your scholarship being cancelled. When this

happens we will cancel all future bursary payments but you will not normally need to repay any instalments that you have already received.

15. You will not be considered for the Opportunity Scholarship under the following circumstances:

- a. You already hold a degree at honours level or equivalent
- b. You are receiving full or partial support from the NHS as a grant
- c. You are studying a course leading to a PGCE qualification
- d. You commenced your course in 2021/22

Please note that these rules are guided by government regulations stipulated by the Office for Students and **no exceptions** can be made.

16. You will **not** receive a scholarship, or receive backdated payments if your income assessment is completed after the final Friday of the undergraduate third term (**Friday 17th June 2022**).

17. You will **not** receive a scholarship, or receive backdated payments if your Opportunity Scholarship is not paid by the final Friday of the undergraduate third term (**Friday 17th June 2022**).

18. If you withdraw or suspend your studies then **you may be required to repay part or all of your scholarship** depending on the date that you leave the University. Please refer to the table on the following page for further details regarding your cash bursary entitlement if you withdraw or suspend your studies.

Last date of attendance:	Instalment 1: 17 th November 2021	Instalment 2: 9 th February 2022	Instalment 3: 18 th May 2022
