

Candidates wishing to apply for previous research at a different institution to be taken into account for calculation of their period of candidature at Newcastle University should complete this form.

Candidates would normally be expected to complete at least one year of candidature at Newcastle University.

Candidates must also submit a postgraduate application so that a formal academic offer can be made for the programme of study at Newcastle University, if the application is approved. An application can be made at: <https://www.ncl.ac.uk/postgraduate/apply/>

If both a postgraduate application and previous study application are approved, a revised academic offer letter will be produced by Postgraduate Admissions, based on your previous research.
