

Connect to the internet

In student accommodation there are **two** types of internet connection, Wi-Fi & wired.

Connect to Wi-Fi

- Go to the Wi-Fi section on your device.
- Find 'Eduroam' and connect to it.
- Input your University username and password.

Connect to wired

- Connect a router to the ethernet socket in your room.
- Connect your device to the Wi-Fi generated by the router.
- Visit sna.ncl.ac.uk and register the device's MAC address.

If you are unable to connect, scan the QR code for more detailed guidance.
