Candidates are asked to provide a brief (not more than 250 words) statement about themselves for the benefit of the electorate. It should be a personal statement, including details of roles undertaken, what they would want to contribute as a Senator, and what issues they are interested in from a governance point of view. Name, full title and academic/PS unit do not count towards the word limit. For reasons of fairness, any statement that is longer than 250 words will be returned to the candidate for editing.

Candidates are asked to bear in mind that the term of appointment is for three years and that they should normally be able to make that commitment when standing.

Members of the electorate are asked to observe the following procedures:

1. Nominations and candidate statements should be sent to the Governance Office, by email (governanceoffice@ncl.ac.uk) marked 'Confidential Senate Membership', to arrive by not later than 9.00am on Monday 2 June 2025.
2. Nominations should be in writing and, if made on behalf of a colleague, should not be made without their consent. Confirmation of consent should be included with the nomination.
