Introduction to Personal Statements

Your personal statement is an opportunity for you to explain your motivations for applying for a study/work placement abroad; to show us you have researched the destinations that you are interested in.

Key Points to Cover in Your Statement:

- Your academic interests/development goals.
- Your career development and future study goals.
- Your broader motivations for applying and how your application relates to your personal interests and development.
- How you will be an effective ambassador for Newcastle University.

The answers which score highest throughout each question are those which demonstrate **clear research** into the universities/courses/destinations you are applying for.

Personal Statement is made up of answers to **4 questions**.
