## A bit about us.

Founded in 2015, Travelteer offers students affordable volunteering and travel adventures that allow them to experience new cultures in a safe and exciting environment.

### Our Concept

Travelteer is at the forefront of responsible travel and ethical volunteering. We have seen first-hand the positive impact that volunteering can have on local communities and we have created a variety of charitable programmes that utilise volunteer skill sets to make a real difference.

### Our Mission

To establish a bridge between volunteering and adventure – giving support to local communities in Sri Lanka, Nepal, Vietnam and Morocco whilst providing students with an unforgettable experience.

## CHARITY OBJECTIVES

- 1 Unlock the potential of under-privileged children in rural communities.
- 2 Rehabilitate and regenerate the local environment.
- 3 Protect and re-populate indigenous wildlife.
- 4 Utilise volunteers to maintain and develop projects.

## TRAVELTEER IMPACT

Travelteer Impact is a non-profit charity that works alongside Travelteer. The charity was created to safeguard the money raised by our volunteers - providing complete transparency and ensuring the funds are distributed effectively to have maximum impact on local communities!

## IMPACT & SUSTAINABILITY

Travelteer Impact works with local communities by creating, sustaining and further developing charitable projects that help preserve the environment, tackle wildlife conservation issues and create brighter futures for local children and their communities.

Fundraising has already had a major impact on the communities we work with, whether that be through new equipment to boost sea turtle numbers, agriculture initiatives or re-vamped teaching facilities in local schools. To ensure sustainability, Travelteer Impact provides long-term funding investment to all projects and prioritises the teaching and training of local staff to run them in the absence of volunteers!

# Volunteer in Sri Lanka.

Sri Lanka is known as the jewel of the Indian Ocean and it's easy to see why! Situated just above the equator, this tropical island is blessed with dramatic beauty from white sand beaches through to the lush rolling tea plantations and wild savannah.

Everything comes big on this island, being home to both the largest sea and land mammals in the world – with the highest density of Asian Elephants found anywhere on earth as well as being a migratory route for both Blue and Humpback whales.

The island's amazing history provides visitors with the chance to explore ancient temples built into rock and visit sacred waterfalls that flow through the mountainous interior. Sri Lanka truly is a traveller's paradise!

## SRI LANKA PROGRAMMES

**2 WEEKS – 6 MONTHS**

*Volunteering*

**MONDAY – FRIDAY**

Where Will You Stay?

Based in the beach town of Hikkaduwa on Sri Lanka's tropical South West Coast, our volunteer accommodation is perfectly positioned for the ultimate Indian Ocean Experience. Our volunteer projects are located nearby and free time can be spent swimming with sea turtles, playing volleyball on the beach or learning to surf!

Weekend Activities.

Get exploring. On weekends volunteers can organise activities such as whale watching, elephant safaris and white water rafting!

## SRI LANKA PROGRAMME:

# Marine & Wildlife Conservation.

The Marine & Wildlife Conservation program collaborates closely with the Sri Lankan Environmental Department and local NGOs to develop sustainable initiatives.

We have established a long-term strategy to regenerate vital rainforest areas and preserve marine life in Sri Lanka's Southern Province. Through a variety of hands-on projects, volunteers will be fully engaged in environmental conservation efforts, including restoring sea turtle populations, replanting native trees, and combating plastic pollution.

## SRI LANKA PROGRAMME:

# English Development

The English Development programme works closely with Sri Lankan schools to create sustainable projects providing brighter futures for children in the local community through teaching and classroom renovations.

Many rural school children can understand and speak basic words in English, however their comprehension and conversational skills are underdeveloped. This programme gives volunteers hands-on experience in an international education system, providing global perspective and insight into childhood development in different educational settings.

# Volunteer in Nepal.

Nepal has some of the most iconic landscapes on earth and is home to the highest mountain range in the world - the Himalayas.

This beautiful country shares borders with China in the north and India in the west, east and south and is home to nearly 30 million people. Sadly, 20% of these citizens are living in poverty which rates Nepal as the 5th poorest country in Asia.

Our Community Development programme aims to provide outreach support to remote mountain communities. Travelteer works in villages throughout the mountainous region surrounding Pokhara, developing education, infrastructure and agriculture.

## NEPAL PROGRAMMES

MONDAY - FRIDAY

# Where Will You Stay?

Whilst volunteering, participants will stay at the Travelteer Base in the mountain city of Pokhara. This small, private guesthouse is in close proximity to beautiful Pokhara Lake looking onto the Himalayas. On selected weeks, students will experience living in a local mountain homestay, offering an amazing insight into the lives of local mountain communities.

## Weekend Activities.

Discover the beauty of Nepal. On weekends volunteers can organise activities such as ziplining, kayaking, trekking and more!

## PEAK2PEAK TOUR - £599

## NEPAL PROGRAMME:

# Community Development

Our volunteer programme in Nepal focuses on community development in mountain villages. This programme gives volunteers unique access to live in a small community helping develop education, infrastructure & agriculture.

Volunteer support & fundraising makes a big impact on these mountain communities, investing in the infrastructure that will provide children with brighter futures. Our sustainable projects have already improved agriculture, educational equipment and living conditions in a number of villages and we're just getting started!

The focus of our educational element depends on each school's needs. Volunteers will generally assist with teaching interactive English Lessons, as well as coaching sport lessons in local schools. Your fundraising helps provide equipment for schools and handheld solar lights for children living off the electricity grid.

## Project 2: Infrastructure

Volunteers will assist in the improvement of school facilities, from the re-vamping of classrooms to the construction of disabled ramps in schools.

## Project 3: Agriculture

We partner with each mountain community to help contribute to the village's agriculture. Volunteers will immerse themselves in the community with everyday farming tasks and projects.

# Volunteer in Vietnam.

Bordering China, Laos, and Cambodia, and stretching along the South China Sea, Vietnam is home to over 100 million people and a variety of ethnic groups.

Despite its rapid growth, many rural communities still face hardship—particularly in the northern highlands, where access to education and resources is limited.

Our volunteering projects focus on wildlife conservation, eco-farming and youth development in these areas – we aim to make a big impact in disadvantaged communities.

Based around Sa Pa and Yen Bai province in the north of the country, these programmes support the protection of endangered wildlife, the implementation of sustainable farming practices and provide opportunities for local children through English education and sports coaching.

**MONDAY – FRIDAY**

## Where Will You Stay?

Whilst in Vietnam, volunteers will be based at a modern capsule-style hostel in the heart of Sa Pa, offering a comfortable and social space with incredible views of the surrounding mountains and rice terraces.

Volunteers going to Vietnam also have the opportunity to get involved with our 'Community Development' projects based out of local homestays in the breathtaking Yen Bai province. This unique opportunity allows students to immerse themselves in local village life while making a real impact in rural communities. The homestay provides a warm, authentic setting—perfect for building connections and gaining a deeper understanding of Vietnam's northern culture.

**NORTH VIETNAM LOOP TOUR - £599**

Explore Vietnam with us. Our tour of Northern Vietnam is the perfect addition to your volunteering experience – explore the country's dramatic beauty, with food, accommodation and adventure activities included.

## VIETNAM PROGRAMME:

# Wildlife Rescue

Our volunteer programme in Vietnam focuses on wildlife rescue and sustainable development in the mountainous region of Sa Pa. This unique opportunity allows volunteers to live and work alongside local communities, supporting both wildlife protection and eco-farming initiatives in rural areas.

Through hands-on volunteering and fundraising, participants make a real impact—helping to rehabilitate injured wildlife, improve agricultural practices, and support community-based projects that promote long-term sustainability. These efforts are already making a difference, from enhancing food security to protecting native species—and this is just the beginning!

## Project 1: Wildlife Rescue Centre

In partnership with the environmental department, this project takes place at an animal rescue centre in Sa Pa, where volunteers support the care and rehabilitation of animals rescued from the illegal wildlife trade. Tasks may include preparing food, cleaning enclosures, assisting with basic care, and helping maintain the surrounding environment. Working closely with local conservation staff, volunteers play a vital role in giving these animals a second chance.

## Project 2: Eco-farming

As part of our eco-farming project in Sa Pa, volunteers work alongside local families on traditional farming tasks such as planting, harvesting, composting, and ploughing the land. You'll also help care for livestock like pigs and chickens, which are essential to the community's self-sufficiency. It's a hands-on, rewarding experience that offers a real insight into rural life and sustainable agriculture in northern Vietnam.

Future  
goals

At Travelteer, we focus on creating a lasting impact. At the animal rescue centre, we aim to develop improved enclosures that provide safer, more natural environments for rescued wildlife. In the surrounding rural areas, we're working to support local communities with sustainable farming initiatives, helping improve food security and livelihoods.

## VIETNAM PROGRAMME:

# Education

The Education programme works in partnership with schools in Sa Pa and Yen Bai province, aiming to create sustainable opportunities for young people in rural communities through language learning and physical education.

While many students have a basic understanding of English, their speaking, listening, and confidence in communication are often limited due to a lack of exposure to fluent speakers. This programme gives volunteers valuable, hands-on experience in international education, offering insight into classroom dynamics and childhood development in a rural Vietnamese context. Through both English lessons and sports activities, volunteers help build essential life skills, boost student confidence, and inspire a love for learning.

Future  
goals

## Project 1: English Development

Our English development initiative supports schools in Sa Pa and Yen Bai, where students often lack regular exposure to spoken English. Volunteers assist with classroom lessons, helping improve confidence and conversational skills, and also run after-school English clubs to make learning more engaging. As part of the project, you'll also help revamp classrooms, creating more inspiring spaces for students to learn and thrive.

## Project 2: Sports Development

The Sports Development Project promotes physical activity and teamwork through PE lessons and after-school sports clubs in schools. Volunteers support teachers, lead games, and encourage participation. You'll also help with renovating school playing fields, improving facilities to create safe and fun environments where students can stay active and build confidence.

We aim to create meaningful, long-term change in rural schools. We're focused on improving students' English language skills through consistent, engaging lessons and introducing new sports to encourage physical activity, teamwork, and confidence. As a volunteer, you'll be part of delivering these goals and inspiring the next generation of learners and athletes!

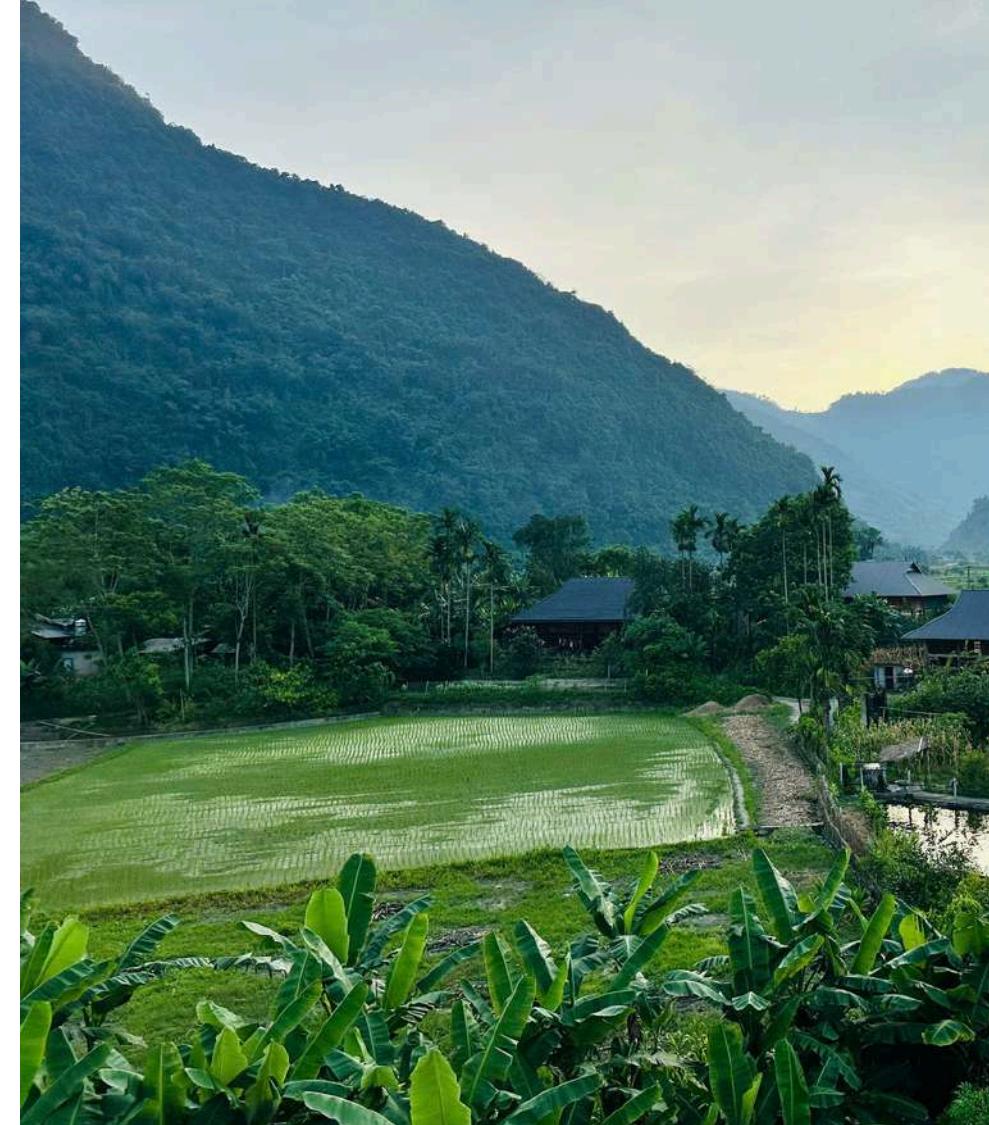

## VIETNAM PROGRAMME ADD-ON:

# Village Outreach

Volunteers in Vietnam also have the chance to make an impact in the beautiful countryside of Yen Bai Province. This hands-on project is centred around supporting the community in the rural villages. Volunteers will stay with local families in traditional homestays, offering a truly immersive experience of Vietnamese culture and daily life in the countryside.

Our Yen Bai experience combines hands-on involvement in education and sports, sustainable farming, and small-scale infrastructure projects. Your time, energy, and fundraising efforts directly support long-term improvements in the community—helping to create better learning environments, strengthen local livelihoods, and build a brighter future for the next generation.

## Project 1: Education & Sports

Our educational efforts are tailored to the specific needs of each class. Volunteers typically support by leading interactive English lessons and coaching sports activities. Your fundraising plays a vital role in these efforts, helping to provide essential resources such as classroom supplies and sports equipment.

## Project 2: Infrastructure

Volunteers will support community infrastructure projects, from renovating school classrooms to helping build new communal spaces.

## Project 3: Agriculture

We support agricultural initiatives in local villages, where volunteers actively engage with the community by participating in hands-on farming activities.

*Make an Impact:

# Volunteer in Morocco.

Morocco is located in the northwest corner of Africa and is bordered by the Atlantic Ocean and Mediterranean on one edge and the Western Sahara on the other.

The country is home to a rich culture, historic ruins and a variety of landscapes from desert sand dunes through to dramatic mountain ranges!

The Moroccan people are Berber and Arab, and most of the population is Muslim. A large part of Morocco is mountainous, with the beautiful Atlas Mountains being located in the central and southern regions of the country. Many of the Berber people still live in the mountains and speak the Berber language.

## Where Will You Stay?

Whilst on projects, volunteers will be staying at a Gite in the Atlas Mountains. This traditional accommodation is run as a hostel (dormitory style rooms) located in the mountain village where our programmes run. The Gite has living areas and a chillout balcony, so that you can easily socialise and make yourself at home.

## Weekend Activities.

Get exploring. On weekends volunteers can organise visits to Marrakech, trek through the Atlas Mountains, use the village swimming pool and more.

## MOROCCO PROGRAMME:

# Atlas Outreach

Our volunteer programme in Morocco focuses on community development for mountain villages found high in the Atlas Mountains. The dramatic landscapes and friendly people in the villages provide an authentic and fully immersive experience. Volunteers will have the chance to assist in English lessons, sport coaching sessions, infrastructure projects and agriculture.

Volunteers have already made an impact in these mountain communities with improved agricultural yields and better educational equipment, resulting in improved living conditions.

# Make An Impact. Fundraising

## How much should I raise?

We require each volunteer to fundraise a minimum of £75 per week they volunteer with us. Volunteers who are doing a programme of 4 weeks or more (excluding Healthcare Projects) have a maximum required threshold of £300. The money raised enables us to buy equipment, further develop the programmes and improve quality of life in disadvantaged communities.

## Flight Reimbursement

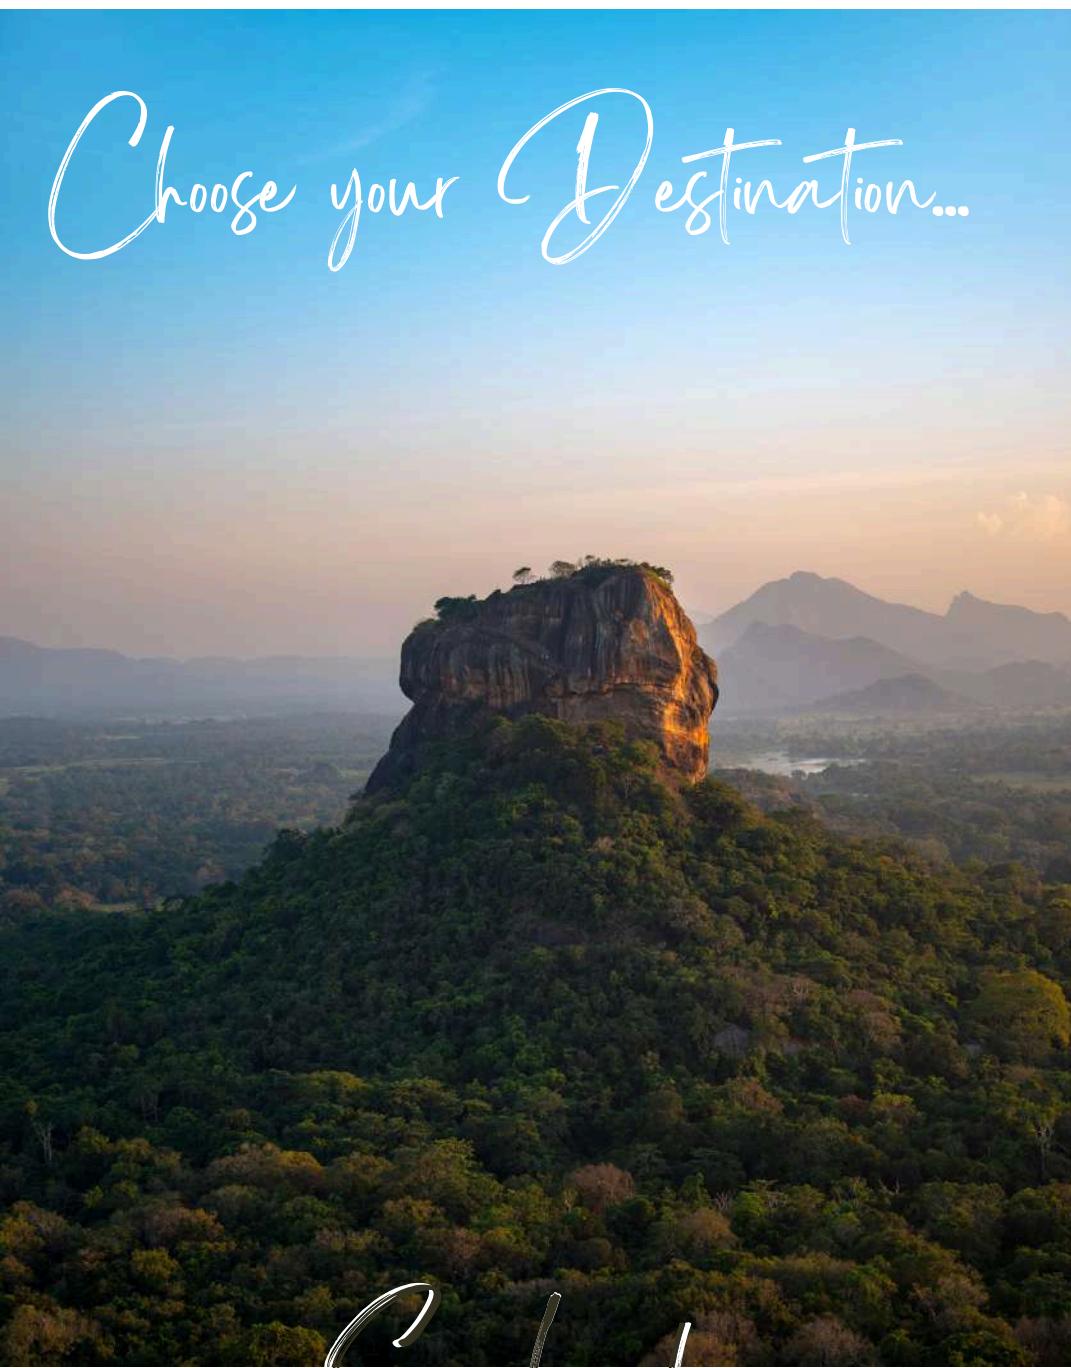

Volunteers are entitled to put any money over their required fundraising threshold towards the travel cost of their return flight. This will be reimbursed once you have completed your fundraising. Any surplus money exceeding the cost of your flight will be donated to Travelteer Impact to further our charitable causes!

## University Grants

Many universities offer financial assistance to students looking to get involved with international volunteering. These are dependent on the institution, so make sure to have a chat with the relevant department at your university.
