

**An Ocean of Peace is...**

**An Ocean of Peace is...  
A source of life and living  
It is love and togetherness**

**An Ocean of Peace is...  
Traditional fishing ground accessible from our land  
Because the ocean waves are our income and livelihood**

**An Ocean of Peace is...  
United and sharing together  
It is traditional obligations  
And feeding family as one**

**An Ocean of Peace is...  
No more polluting of our waters  
It is using resources sustainably**

**An Ocean of Peace is...  
A source of life and love  
It is protecting marine life for the benefit of all  
And meeting everyone's needs**

**An Ocean of Peace is...  
Resolving disagreements  
With peace  
Togetherness  
And unity**

**An Ocean of Peace is...  
Sharing agreement  
And bringing people and nations together  
In peaceful resolution**

**An Ocean of Peace is...  
A source of life  
And living  
And love**

**"A Poem by Nakorokula Village"**
