Ready to reimagine your future? Sign up at ncl.ac.uk/pgdiscover to find out about postgraduate study and get the latest updates, including how you can meet us at our virtual and physical events and Open Days.

Although most Covid-19 restrictions for England lifted in July 2021, we know how quickly things can change. If the public health situation deteriorates and restrictions need to tighten, our Outbreak Response Plan and the steps we’ve put in place will make sure our students have a safe and fulfilling university experience. ncl.ac.uk/study/covid-19

STUDY WITH US

Whatever drives you to study a postgraduate degree, we can help you achieve your dreams.

Why choose postgraduate study?
A postgraduate qualification can help you stand out in a crowded jobs market, it can boost your employment prospects*, or provide the accreditation you need for success in your industry. It can also be the first step as you change careers, the opportunity to become a specialist in your field, or the chance to contribute knowledge and research that helps make a difference in the world.

Why choose Newcastle?
A founding member of the prestigious Russell Group of world-class, research-intensive UK universities, excellence comes as standard at Newcastle. Our diverse community welcomes students from all backgrounds to be part of our legacy of pioneering learning, teaching and research.

World-class teaching: world-leading experts and top academics at the forefront of their discipline will inspire you – our teaching is 5 star (QS Stars 2021).

World-leading research: ranked 16th in the world for research power**, the vast majority of our research is world leading or internationally excellent – so your studies will be informed by our pioneering work.

Graduates in demand: awarded 5 QS Stars for Student Employability (2021), many of our programmes are shaped by our strong links with national and international businesses, including our Principal Partner, Siemens. Selected courses are also developed and accredited by professional organisations.

Student life: Newcastle is one of the UK’s favourite student cities. Explore the social life, culture, history and architectural beauty of this cosmopolitan capital of the North East from our city-centre campus location.

Outstanding support: we’ll help you reach your full potential, personally and professionally via study support services and our dedicated health, wellbeing and student support teams. Take the next step in your career with guidance from our award-winning Careers Service.

For a sustainable future: join a global leader of sustainable development – we are ranked 15th in the world in the Times Higher Education Impact Rankings 2021.

* GOV.UK Graduate Labour Market Statistics 2021
** Research Excellence Framework (REF) 2014 (next REF results are due in 2021)
OUR CITY

Vibrant and exciting, Newcastle is a city of bright lights and welcoming people, rich in heritage, alive with ideas and dreams.

Our safe city is known for the warmth of its welcome. A cosmopolitan place with a big personality – one in six people here is a student.

As one of the UK’s top 10 student cities*, Newcastle’s eclectic mix of restaurants, theatre and music venues, bars and clubs can rival any European city.

And, because it’s also one of the UK’s most affordable cities**, with a low cost of living, low student rents, and a Metro rail service that’s easy on the pocket, you can spend your money on the things you love.

A special place

Newcastle is home to glorious green spaces and striking places – from the stunning Quayside where the city’s iconic bridges span the River Tyne, to colourful China Town and Grainger Town with its beautiful Georgian architecture.

From our city-centre campus, explore a thriving multicultural arts and culture scene and discover the history, shopping, and sport that are so integral to our identity. Or leave the city behind for a coastline of award-winning beaches and beautiful countryside, including the UNESCO World Heritage site of Hadrian’s Wall.

Stay connected

Fast road and rail links keep Newcastle well connected to cities across the UK, and London is less than three hours away by train. Direct flights from Newcastle to multiple worldwide destinations mean home is never far away.

---

*Top 10 student city in the UK (QS Best Student Cities 2022)
**Top 10 city for affordability in the UK (QS Best Student Cities 2022)
There are lots of ways to fund your postgraduate degree, but it can be difficult to know where to start. We want to make your funding search as easy as possible.

We’ve highlighted some of the main funding opportunities below. We also link funding opportunities to our courses online. ncl.ac.uk/postgraduate/fees-funding

### Tuition fee discounts

**All students**
- 2% discount if you pay your annual fees in full before the end of registration week.
- 20% discount for eligible Newcastle University alumni.
- Take advantage of our tuition fee instalment plans.

**International and EU students**
10% discount to close relatives of Newcastle University students and graduates.

### Awards, bursaries and prizes

**All students**
Support to help meet some of the additional costs associated with studying specific programmes. Non-repayable, they can be awarded by a variety of organisations, including charities and trusts.

### Loans

**Home students**
- Postgraduate Master’s Loan: for eligible students studying taught and research Masters’ courses (e.g. MA, MSc, MPhil, LLM, MBA).
- Postgraduate Doctoral Loan: for eligible students studying doctoral degrees (e.g. PhD, EdD).

Both loan schemes are administered by the Student Loans Company.

**International and EU students**
We also participate in a number of international loan schemes for eligible applicants. Check our funding database online for further details.

### Scholarships

**Home students**
- Funded or partially funded scholarships often based on academic merit or specific eligibility criteria. Non-repayable, they can be awarded by a variety of organisations, including private companies, professional organisations, charities, trusts and the UK government.

**International and EU students**
- Newcastle University Vice-Chancellor’s EU and International Scholarship schemes: partially funded scholarships to help support EU and international students studying a Master’s degree.
- Newcastle University Overseas Research Scholarships and Vice-Chancellor’s EU Scholarships: partially funded scholarships to help support international and EU students studying a postgraduate research degree programme.
- Other schemes: Newcastle University also participates in a number of prestigious scholarship schemes such as Chevening, Commonwealth and Fulbright, and jointly with these schemes offers some full scholarships.

### Studentships

**All students**
Funded PhD opportunities will normally have a fixed project title and named supervisor. Funding can be awarded by charities, commercial organisations and most commonly by the UK’s Research Councils. It is possible to complete a studentship in an academic school or via a Doctoral Training Centre or Doctoral Training Partnership.

---

Apply early

Postgraduate funding can be competitive and many schemes have strict deadlines. Ideally, start your search 9–12 months before your course starts.

---

*The term ‘Home students’ refers to UK students and may include EU other EEA and Swiss nationals with settled or pre-settled status under the EU Settlement Scheme, depending on your residency history.*

You can find all of our funding options in one place through our searchable funding database: ncl.ac.uk/postgraduate/fees-funding/search-funding
YOUR CAREER

For the last eight years, we have ranked in the Top 20 most targeted universities by the The Times Top 100 Employers* – that means we know how to prepare you for life after your degree.

Get expert advice
Our award-winning Careers Service is one of the best and most innovative in the UK and will support you to take the next steps in your professional life, both while you are studying with us and for three years after graduation.

Work with careers experts and PhD specialists to build the career you want, accessing application support, interview coaching, specialist online careers resources and more.

Gain work experience through paid work placements, jobs on campus and internships – a number of our PhD programmes include training and work experience in commercial laboratories ncl.ac.uk/careers/jobs

Connect with employers
Our strong links with national and multinational employers means they play an active role in our degrees, delivering technical lectures or taking a role in professional skills modules – so you get valuable industry insight into your specialism.

Our on-campus and virtual recruitment fairs, information and networking events will connect you with potential employers, so you can find out about opportunities in your chosen field.

Build employability skills
Develop your employability skills and shape your future with our Graduate Framework, and access professional development opportunities through our ncl+ scheme ncl.ac.uk/careers/awards/nclplusaward

Find a mentor
Get careers advice from alumni around the world through our NCLspark platform, connecting with a mentor in your field to gain insight into a particular industry or career ncl.ac.uk/careers/makingcontacts/nclspark

Access our international support
Learn how to navigate the UK jobs market with workshops and presentations, including guidance on the new Graduate Route post-study work visa and Start-up Route visa, for which we offer endorsements ncl.ac.uk/careers/startup/visa-endorsement. This could help you build your career after university, allowing you to stay and work in the UK for up to two years following a Master’s course or three years after completing a PhD ncl.ac.uk/international/visa

Launch a business
Start or grow your own business or independent career with help from our dedicated START UP team. Get support at every stage – from pre-idea to launch and beyond. For more about our START UP programme, visit ncl.ac.uk/careers/startup or read our START UP profile on pages 16–17.

CAREERS SUPPORT

START UP Founderships: Johnson’s story

Alumnus and clean-tech company founder, Johnson, is on a mission: to connect homes and save energy.

That dream began when he launched Equiwatt, supported by the START UP Founderships scheme. And it took another huge step forward when the company secured over £300,000 in investment to progress its plans to scale-up.

Equiwatt was born out of Johnson’s experiences growing up in India where regular power outages are commonplace.

An intelligent energy management platform, Equiwatt tracks household energy consumption, automatically switching off devices to save energy during peak times when electricity supply is inefficient or expensive.

Consumers are rewarded for cutting their energy use, while Equiwatt estimates that for every 1,000 households using its app, 250 tonnes of carbon dioxide are offset each year.

To launch the business, Johnson worked with a START UP adviser during his PhD in electrical and electronic engineering to prepare a business plan and carry out market research for Equiwatt.

As part of our START UP Founderships programme, he received six months’ funding, intensified business mentoring and was supported to navigate the complexities of setting up a business in the UK.

He said: ‘The engineering and project management skills I needed for my business I got from my degree, but the Founderships scheme gave me the platform to become an entrepreneur.

‘Founderships is a business incubator scheme that helps you gain the skills you need – it gives you the right foundations, then it’s up to you to take your idea to higher and higher levels.’
Become part of our vibrant, multicultural student community and find out why 28,000 students from over 140 countries call our beautiful campus home. ncl.ac.uk/study/campus

Your Students’ Union
Meet students from different cultures, faiths and interests through our Students’ Union. Choose from over 200 diverse societies to join, 60+ sports clubs and endless opportunities to have fun.

A dedicated Postgraduate Officer will make sure you have access to welfare and academic support, and the latest updates on student life.

nusu.co.uk/yourvoice/pghub/

Welcome and induction
Get your University experience off to a great start with events and activities during Postgraduate Welcome Week. Meet fellow students, staff and the teams who will support you during Induction Week.

If you are an international student, our International Welcome programme will help you adjust to life in the UK.

Your accommodation
We know how important it is to find your home-from-home with us, that’s why:

- all full-year postgraduate taught students are guaranteed accommodation with us (eligibility criteria apply)
- University-owned accommodation is on campus or a short distance away, connected by reliable, fast and frequent public transport
- our accommodation is safe and secure with entry-phone systems, CCTV and on-site support
- we offer studios and standard rooms with en-suite or shared facilities, plus communal areas and social spaces that create a community vibe
- our accommodation is affordable, with most utility bills and free WiFi included in your rent
- flexible payment terms will help you spread out the cost
- most of our contracts cover the whole academic year so you won’t have to move out of your room during the holidays or over the summer
- we support students with particular needs or disabilities with accessible, adapted accommodation

If you are relocating to Newcastle with your partner or family, we can offer self-contained flats for couples, and a small number of fully furnished two- or three-bedroom properties for students with families.

Explore our accommodation at ncl.ac.uk/accommodation/university/accessible/#ourrooms

Explore more at ncl.ac.uk/postgraduate

Discover postgraduate life with us. Sign up for the latest news and events at ncl.ac.uk/postgraduate/build-your-new
You are never on your own at Newcastle – because we are here to support you.

Before you join us
Get to know us better through our teams and regional advisers who regularly travel in the UK and across the world. Our global educational agents can also provide advice and help with your application. Find out where you could meet us at ncl.ac.uk/study/meet or ncl.ac.uk/international/country

Visa support
Need help with your visa application? Our dedicated Visa Support team offers immigration support, including guidance on the Doctorate Extension Scheme (DES) visa and how the new Graduate Route visa could help you build a life and career in the UK after university. Find out more at ncl.ac.uk/student-progress/visa

Arriving in Newcastle
Book our Airport Meet and Greet service and we will be at Newcastle International Airport when you land, ready to take you to your accommodation. Explore our pre-arrival support at ncl.ac.uk/pre-arrival and we'll keep you updated on your welcome and induction schedule.

During your studies
Our dedicated Student Services teams will provide the help and guidance you need to reach your full potential, including:

• counselling – including one-to-one sessions and self-help programmes
• disability support – including long-term health or mental health support
• financial support – from budgeting to funding eligibility
• faith and spirituality – including prayer and worship, confidential listening and support

International students can also access free healthcare through the NHS (conditions apply).

Postgraduate support services
We understand the demands of postgraduate study, that’s why our support is tailored to your needs and includes:

• confidential Post Grad Support Service. Available 24/7, offering immediate support from a trained professional, plus a health hub app
• self-help app iNClude, creating positive habits that support your wellbeing
• global mental health network Talkcampus, based around peer support
• wellbeing workshops
• staff–student networks for our research students

Get in touch early
If you have a disability, long-term health or mental health condition, it is important to get in touch early about your support needs. This enables us to find out what adjustments and support you need: ncl.ac.uk/wellbeing/supportservices/disabilitysupport

Explore how we will support you to achieve more at ncl.ac.uk/wellbeing
State-of-the-art facilities support our world-class teaching and research and add to your outstanding student experience.

Specialist facilities
Step into a five-star* learning environment and access specialist subject facilities including:
• two commercial farms and a biological field station
• a sea-going research vessel, coastal station and marine lab
• music and media studios, rehearsal spaces, recording and editing equipment
• studios for architecture and art
• high-specification science and engineering labs
• medical and dental labs and clinical skills suites
• smart grid lab and energy storage test bed
• translation and interpreting suites
• on-campus museum, theatre and gallery

Enhance your learning through our £350 million innovation hub, Newcastle Helix, featuring advanced learning and teaching spaces and our £58 million Urban Sciences Building that’s home to our School of Computing.

Support your research with an award-winning Library Service spanning four libraries, 800,000 print books, 600,000 e-books, and 55,000 e-journals.

And get 24/7 access through our virtual learning environment to your course content, online collaboration with fellow students and tutors, lecture recording and streaming. Plus, access our IT support, including specialist software, PC clusters, IT Service and laptop loan scheme.

Explore our facilities: ncl.ac.uk/study/campus

Learning support
Develop your academic writing skills through one-to-one tutorials, workshops and online resources with our Writing Development Centre, or access maths and statistics help at our Maths-Aid drop-in centre.

Our Language Resource Centre also supports online and tandem language learning, offering free self-study materials in over 100 languages. ncl.ac.uk/study/campus/study-support

Sport for all
We are top 10 in the British Universities and Colleges Sport league (BUCS) with one of the best Performance Sport Programmes in the UK for talented athletes.

And we’ve just invested £32 million in new facilities to make your sport and exercise experience with us even better.

Our Sports Centre boasts high-tech studio spaces, a world-class gym, sports halls, squash courts and two high-performance strength and conditioning rooms. Outdoor facilities include four 3G pitches, a dedicated hockey pitch, an ergo room and 10 grass pitches, at easy-to-access, purpose-built venues around Newcastle.

Find out more: ncl.ac.uk/sport

*QS Stars 2021 – five-star rating for facilities
Arrival and induction
You’ll arrive at your accommodation and register as a student. The first week is spent familiarising yourself with campus and meeting academic colleagues and fellow students.

Induction includes a comprehensive overview of our facilities, IT support, and Student and Wellbeing services. Academic school and subject inductions will help you settle in to your new learning environment.

Spring term
You will start to tailor your study to a particular field of interest, with many courses offering optional modules. During the Easter vacation (around April) you will prepare for formal assessment in May/June.

Autumn term
Timetabled courses run through the Autumn term. You will generally study compulsory modules, building core skills and knowledge in your chosen subject. During a busy first term, we will support you to make the transition to postgraduate study. You’ll break for the Christmas vacation, but typically work across the holiday period preparing for exams and written assessments in January.

Summer term
Timetabled elements of your course reduce as you focus on your research project/dissertation. You’ll access ongoing support via our research study skills modules and expert academic supervision, submitting your research project/dissertation around August/September.

Graduation and beyond
Graduation normally takes place in December, when you’ll celebrate your postgraduate success with friends and family on our beautiful campus.

Our award-winning Careers Service will continue to support you for up to three years after graduation. ncl.ac.uk/careers
And your fellow alumni will help you reach your full potential as you build your personal and professional network through our calendar of global events and networking opportunities. ncl.ac.uk/alumni

Awards: the most common are Master of Science (MSc), Master of Arts (MA) and Master of Business Administration (MBA).

Entry requirements: 2:1 at Bachelor’s level, or equivalent.

Duration: 12 months full-time. Part-time and flexible study available.

Start date: usually September; a small number start in January.

Teaching style: lectures, seminars, group work and (depending on subject choice) lab-based sessions, technical skills development and practicals. You will be encouraged to apply your own ideas through in-depth reading and analysis.

Assessment: exams, essays, presentations, group work or combination of all these elements. You will also typically complete a research project or final dissertation of 15,000–18,000 words.

Credits: typically 120 credits of taught modules and a 60-credit dissertation or research project.

Flexible study options: some of our courses can be studied flexibly, as a short credit-bearing course, or as Continuing Professional Development.

Our programmes: explore our full range of taught Masters’ programmes at ncl.ac.uk/postgraduate/degrees
For Taka there are no limitations to what she feels able to achieve following her MBA at Newcastle.

‘At Newcastle, I’ve been encouraged to think outside of the box; to really stretch myself,’ she said.

‘I’ve learned to be creative and innovative in how I respond to any issue in front of me.’

Taka was working for a financial services company in her home country of Nigeria when she decided to pursue an MBA.

She said: ‘It was a really hard decision for me to go back to being a student, but I had strong plans for my life – goals and dreams that I wanted to fulfill.

‘I knew I wanted to study in the UK, so I shortlisted the top universities and Newcastle was in that mix right from the start.’

Taka was awarded a Women in Leadership scholarship by Newcastle University Business School. Aimed at supporting women in business to become influential leaders, the award reflects the University’s commitment to equality and diversity.

Newcastle Business School is among the world’s elite business schools, triple accredited by AACSB, EQUIS and AMBA. For Taka, the outstanding aspect of her course was the quality of teaching she received.

‘The experience and knowledge of the lecturers has been attained over many years and the way they simply and clearly distil that knowledge, in the best way for you to understand, is inspiring,’ she said.

‘I knew I wanted to be part of a business school where I could develop the personal relationships that would help me throughout my time away from home – relationships with my professors, with my cohort.

‘For me it had to be Newcastle; the people here are amazing.’
APPLY FOR A TAUGHT MASTER’S COURSE

Securing your place on a taught Master’s course at Newcastle University is just a few steps away – simply follow the instructions below. To apply for a research Master’s or a PhD, see pages 34–35.

1. Choose your course
   Explore our postgraduate website to find the course that is right for you. Compare programmes, get detailed module outlines, information about subject facilities, entrance requirements, fees and funding opportunities. ncl.ac.uk/postgraduate/degrees
   We also work with educational agents across the world who can support your application. To find out more, check out our country pages at ncl.ac.uk/international/country

2. Check entry requirements
   The minimum entry requirement for the majority of our taught Masters’ courses is an upper-second-class Honours degree (2:1) or international equivalent. We also welcome applications from professionals with significant work experience.
   • Academic and English language requirements are listed online by course and can be found at ncl.ac.uk/postgraduate/degrees
   • English language entrance requirements are also listed for individual courses on pages 42–75.
   • Guidance on the international academic equivalencies for most countries can be found at ncl.ac.uk/international/country

3. Check application deadlines and deposits
   These can be found online in the ‘How to apply’ tab for each course ncl.ac.uk/postgraduate/degrees
   Apply online or via your education agent
   Check our application help pages at ncl.ac.uk/postgraduate/applications-offers and follow the steps below:
   • register via the Apply to Newcastle Portal ncl.ac.uk/postgraduate/applications-offers
   • complete the application form – you can save and update your application as many times as you like before submitting
   • attach and upload your supporting documents
   • submit your application
   • you can track the progress of your application when it has been submitted via the Portal

4. Apply online or via your education agent
   Check our application help pages at ncl.ac.uk/postgraduate/applications-offers and follow the steps below:
   • register via the Apply to Newcastle Portal ncl.ac.uk/postgraduate/applications-offers
   • complete the application form – you can save and update your application as many times as you like before submitting
   • attach and upload your supporting documents
   • submit your application
   • you can track the progress of your application when it has been submitted via the Portal

5. Your offer
   When we have received and considered your application, a formal letter will be sent to you/your agent by email informing you of our admissions decision.
   Accept your offer
   When you have received an offer you need to officially accept it to secure your place. You can do this online via the Apply to Newcastle Portal at ncl.ac.uk/postgraduate/applications-offers/offer-guide
   What next?
   Conditional offer: if you receive a conditional offer, you will need to work towards meeting the conditions of your offer, so that your application becomes unconditional. Documents relating to your offer can be scanned and uploaded online via the Apply to Newcastle Portal.
   OR
   Unconditional offer: when your offer is unconditional you may need to pay a deposit or provide proof of sponsorship before we can confirm your place. If you need to pay a deposit, information on how to pay the deposit will be included in your official offer letter. You can pay online via the Apply to Newcastle Portal.

Confirmation of your place
When you have met all of the conditions of your offer (and paid your deposit if required), you will receive a ‘Confirmation of Place’ email. If you need to apply for a Student Route visa you will also receive a ‘Confirmation of Acceptance for Studies’ (CAS) number, which you will need in order to apply for your visa. gov.uk/student-visa

Supporting documents
You will need to submit:
   • academic transcripts to confirm your degree or your progress and results to date
   • a copy of the photograph page of your passport
   • if you are not from a majority English language-speaking country you will need to include a copy of your English language test results eg IELTS
   • certified translations if your documents are not in English
RESEARCH DEGREES

Ready to push boundaries with ground-breaking research and to work at the highest academic level with supervisors who inspire you? Choose your route to a research programme with us, and change the world.

Types of research degree
We offer:
- Research Masters’ (MRes, MLitt, MMus, MPhil, LLM by research)
- Doctor of Philosophy (PhD)
- Integrated PhD
- Engineering Doctorate (EngD)
- Professional Doctorates

Our flexible study options mean you can study full or part time, fitting your degree alongside your other commitments.

Studentships
If you know which research area you would like to work in, but don’t have a clear idea of a specific PhD project, you could search for a funded studentship. These normally have a named supervisor and fixed project title with funding in place. ncl.ac.uk/postgraduate/fees-funding/search-funding

Doctoral Training Centres and Partnerships
You can also undertake a funded PhD studentship via a Doctoral Training Partnership (DTP), Doctoral Training Centre (DTIC) or Centre for Doctoral Training (CDT). Studying alongside a cohort of other PhD students, you will work with leading researchers from different universities and schools. Doctoral Training Centres and Partnerships are often interdisciplinary and you could get the chance to collaborate with an organisation from business or industry. ncl.ac.uk/doctoral-college/prospective-research-students

Doctoral College
During your research journey, our Doctoral College will support every aspect of your academic, personal and professional growth. You will feel connected to your research community, and supported to:
- gain the skills to achieve your goals
- enhance your career prospects, working with careers experts and postgraduate research specialists
- test your skills through competitions, events and opportunities for public speaking, entrepreneurship, teaching and more
- stay healthy, positive and feeling well
- network with support staff, research peers, academics and potential employers
ncl.ac.uk/doctoral-college

Faculty Research Development Programme
Develop career-related skills and improve your research through our Faculty Research Development Programme. Offered by our three faculties – Humanities and Social Sciences; Medical Sciences; Science, Agriculture and Engineering – tailored workshops and activities will help you reach your potential as a researcher, build your transferable skills and boost your career prospects. And because our Faculty Programme is flexible, you will be able to adapt it to meet your needs as you progress through your doctorate.

RESEARCH EXCELLENCE

PhD research: Fulvio’s story

PhD research student Fulvio is helping tackle one of the biggest challenges of the 21st century – climate change.

After completing a Master’s degree in structural engineering in Milan, followed by a year working in industry, Fulvio moved to Newcastle to do a PhD in Civil Engineering (Water Resources).

He said: ‘I was really motivated to come to Newcastle because I was really interested in the work. I have found all the structure and opportunity I was looking for here.’

Working within the School of Engineering, Fulvio is contributing to the cutting-edge research of the University’s Water Group – an academic group which works to make our coasts, cities and infrastructure safer and more sustainable for future generations.

His research will help optimise flood emergency management, improving the efficiency of a city’s emergency response during a flooding disaster.

He said: ‘When a natural disaster occurs – and due to climate change these are going to occur more frequently, and their impact be more severe – if you have optimised your emergency response, you can optimise your resources and be more sustainable.

‘If your systems are resilient enough, you spend less on resources during a disaster and your city returns to normal much quicker.’

Fulvio has been using the Humber estuary as proof of concept, but also got the opportunity to develop a further case study while on a five-month placement at the University of Auckland in New Zealand.

He said: ‘This was a chance to further international research exchanges among PhD students and early careers researchers and an opportunity to create new connections and build an international network between the two universities.

‘And that is the amazing thing about Newcastle University – if you expose yourself to these opportunities it is absolutely the right place to be.

‘I have been inspired by the people around me and I have had the feedback and support that has left me free enough to develop my own pathway.’

We deliver pioneering research that makes a positive impact in the world, working with international partners on global and societal challenges, including:

• preventing the next global pandemic by tackling the spread of antibiotic resistance
• understanding and saving our oceans – from identifying new marine life to revealing the scale of plastic pollution
• pioneering research to tackle bowel cancer
• protecting the world’s cultural heritage during armed conflict and after natural disasters
• shaping the policy and practices that affect the world’s food supply chain

See how our research community is helping make the world a better place: ncl.ac.uk/who-we-are/quality/research-excellence

Explore our research strengths in ageing and health, cities and place, culture and creative arts, one planet and data: ncl.ac.uk/who-we-are/strengths
How you apply for a research degree will depend on your ambitions – do you want to propose your own research area, or apply for an established project or studentship?

Whatever route you choose, give yourself the best chance of getting the research position that is right for you by following the steps below.

1. **Choose your route**
   - Explore the different types of research degrees that are available on pages 30–31 of this Guide or online at ncl.ac.uk/postgraduate/degrees
   - Our funded PhD projects or studentships, including studentships within a Centre for Doctoral Training, Doctoral Training Partnership or Doctoral Training Centre, are advertised on our main funding pages online: ncl.ac.uk/postgraduate/fees-funding/search-funding

2. **Explore our research specialisms**
   - Review our research groups and academic staff profiles online and consider whether their specialisms are a good intellectual fit with yours: ncl.ac.uk/who-we-are/academic

3. **Check entry requirements**
   - The minimum entry requirement for our research Masters’ courses is an upper-second-class Honours degree (2:1) or international equivalent. PhD applicants also usually require a Master’s degree.
   - Academic and English language requirements can be found at ncl.ac.uk/postgraduate/degrees
   - English language entrance requirements are also listed for individual courses on pages 42–75.
   - Guidance on the international academic equivalencies for most countries can be found at ncl.ac.uk/international/country

4. **Research proposals**
   - Some programmes require a research proposal at the point of application. If they do, check if this is a detailed proposal or a short (non-binding) research proposal to indicate your broad area of interest. See the ‘How to apply’ tab of your research degree online for details.
   - ncl.ac.uk/postgraduate/degrees

5. **Research supervisor**
   - Check if you need to identify a potential supervisor before you apply to discuss your planned research – some of our programmes require this. See the ‘How to apply’ tab of your research degree online for details.
   - ncl.ac.uk/postgraduate/degrees

6. **Start dates and deposits**
   - These can be found online in the ‘How to apply’ tab for each programme online.
   - ncl.ac.uk/postgraduate/degrees

7. **Apply online**
   - Apply via our secure Apply to Newcastle Portal: you will be guided to create a username and password.
   - We accept applications throughout the year for non-funded PhDs. Funded PhDs (or studentships) have specific closing dates – see the ‘Fees and funding’ page of your research degree online for more information.

Further guidance on how to complete your application can be found at ncl.ac.uk/postgraduate/applications-offers
ENGLISH LANGUAGE

English doesn’t need to be your first language to succeed at postgraduate level – our language support will give you the foundations you need to achieve great things.

Before you begin your studies
If you are not a native English speaker, or if you are a Student Route visa application student, you will need to show that you have adequate knowledge of written and spoken English.

For direct entry to a Newcastle University course, you will typically need an overall IELTS score of 6.5 (or equivalent), but some courses may ask for a higher level of English language proficiency.

Student Route visa application students also need to demonstrate proficiency at level B2 of the Common European Framework of Reference for Languages. This is equivalent to at least IELTS 5.5 in reading, writing speaking and listening.

For further information about our English language requirements, including IELTS scores and the wide range of English language tests that we accept, go to ncl.ac.uk/international/language/#overview

English language tests are normally valid for two years from the date the test was taken to the start of your course.

When you join us
You will take a short English language assessment when you arrive so we can work with you to identify any extra support you might need.

Our free in-sessional English language course will help you to build your confidence and skills. Support covers:
• academic writing, including writing for a dissertation or research project
• grammar
• listening and speaking skills
• presentation skills
• one-to-one writing tutorials

ncl.ac.uk/insessional

Supporting your learning
Your learning will be supported by our Language Resource Centre, which offers:
• self-study resources in over 100 languages
• multimedia resources – including 8,000 foreign language movies and TV shows, 40 satellite channels, DVD and audio-visual material
• interactive language-learning software
• online learning materials and study guides
• tandem learning, partnering you with an English-speaking student who wants to learn your language
• Peer Assisted Learning (PAL) featuring conversation groups and one-to-one informal speaking practice sessions

ncl.ac.uk/language-resource-centre
We understand our international students might need extra support to prepare for academic study with us, that’s why we work with international study specialists, INTO, to offer a range of English language and university preparation courses.

From settling in to UK life, to learning the skills you will need for your degree, INTO nurtures international students to be self-confident, independent, and successful in their future studies.

A learning hub

Based in the heart of campus, INTO Newcastle University is a safe, purpose-built learning hub, offering modern study and IT facilities, a learning resource centre, café, areas for relaxing and making friends, and on-site accommodation.

As part of the Newcastle University family, you will also have access to all the fantastic facilities on campus.

INTO programmes

Courses are delivered using university-standard teaching methods, including lectures, hands-on laboratory work, seminars, tutorials, supported self-study and e-learning.

Find out more about INTO at ncl.ac.uk/study/international-pathway-courses

FIND YOUR DEGREE

It’s time to invest in your future, to harness our world-class teaching and research, and to channel your passion into a postgraduate degree that will set you apart.

Your journey starts here
Start your search with our quick course guide on pages 42–75. Check the different award types, English language requirements and if a programme involves full- or part-time study. We’ve also included the fees for international and home students for one year of study (2022–2023). If your studies last longer than one year, your fee may be subject to annual inflationary increases.

When you have found the degree that’s right for you, discover more at ncl.ac.uk/postgraduate/degrees, including:
- detailed entry requirements
- course structure
- module overviews
- assessment methods
- course-specific facilities
- career prospects

Newcastle University in Singapore
Postgraduate opportunities at Newcastle University in Singapore are listed in this Guide. For more details, see ncl.ac.uk/singapore

Support for international students
Our International Graduate Diplomas are also listed on pages 42–75. Offered in partnership with INTO, they can prepare you for direct entry to a range of postgraduate degrees with us. Further details, including information about our English language support, are available on pages 38–39 or ncl.ac.uk/study/international-pathway-courses

Brexit
Now that the UK has officially left the EU, find out how this might affect you at enquire.ncl.ac.uk/en/travel-and-visas

Covid-19
For the most up-to-date information on how we are supporting our students’ academic experience go to ncl.ac.uk/study/covid-19

Film

- **Film**
  - MPhil; PhD
  - FT/PT
  - Online
  - £18,600
  - IELTS 7.0 overall (with a minimum of 6.5 in all sub-skills)

- **Film Studies**
  - MLitt
  - FT/PT
  - Online
  - £18,600
  - IELTS 7.0 overall (with a minimum of 6.5 in all sub-skills)

- **Film: Theory and Practice**
  - MA
  - FT/PT
  - £9,600
  - £20,400
  - IELTS 7.0 overall (with a minimum of 6.5 in all sub-skills)

Finance and Accounting

- **Finance and Accounting**
  - PhD
  - FT/PT
  - Online
  - £18,600
  - IELTS 7.0 overall (with a minimum of 6.5 in writing, and 6.0 in all other sub-skills)

  - **Accounting, Finance and Strategic Investment**
    - MSc
    - FT
    - £12,600
    - £24,000
    - IELTS 6.5 overall (with a minimum of 6.0 in all sub-skills)

  - **Banking and Finance**
    - MSc
    - FT
    - £12,600
    - £24,000
    - IELTS 6.5 overall (with a minimum of 6.0 in all sub-skills)

  - **Finance**
    - MSc
    - FT
    - £12,600
    - £24,000
    - IELTS 6.5 overall (with a minimum of 6.0 in all sub-skills)

  - **Finance and Economics (Research)**
    - MA
    - FT/PT
    - £9,600
    - £20,400
    - IELTS 6.5 overall (with a minimum of 6.0 in all sub-skills)

  - **International Economics and Finance**
    - MSc
    - FT
    - £12,600
    - £23,400
    - IELTS 6.5 overall (with a minimum of 6.0 in all sub-skills)

  - **International Graduate Diploma (Business and Humanities) (INTO Newcastle University)**
    - Graduates
    - FT
    - Online
    - £6,000
    - IELTS 5.5 overall (with a minimum of 5.5 in all sub-skills)

  - **International Graduate Diploma (Business and Humanities with Pre-Sessional English) (INTO Newcastle University)**
    - Graduates
    - FT
    - Online
    - £6,000
    - IELTS 5.0 overall (with a minimum of 5.0 in all sub-skills)

  - **International Financial Analysis**
    - MSc
    - FT/PT
    - £12,600
    - £24,000
    - IELTS 6.5 overall (with a minimum of 6.0 in all sub-skills)

  - **Quantitative Finance and Risk Management**
    - MSc
    - FT
    - £12,600
    - £24,000
    - IELTS 6.5 overall (with a minimum of 6.0 in all sub-skills)

Food and Human Nutrition

- **Food and Human Nutrition**
  - MPhil; PhD
  - FT/PT
  - Online
  - £26,100–37,900
  - IELTS 6.5 overall (with a minimum of 5.5 in all sub-skills)

  - **Biosciences**
    - MPhil; PhD, MSc
    - FT/PT
    - Online
    - £26,100–37,900
    - IELTS 6.5 overall (with a minimum of 5.5 in all sub-skills)

  - **Medical and Molecular Biosciences**
    - MRes
    - FT
    - £10,200
    - £25,200
    - IELTS 6.5 overall (with a minimum of 6.5 in all sub-skills)

Food and Society

- **Food and Society**
  - MPhil; PhD
  - FT/PT
  - Online
  - £26,100–37,900
  - IELTS 6.5 overall (with a minimum of 5.5 in all sub-skills)

  - **Sustainable Agriculture and Food Security**
    - MRes
    - FT
    - £11,700
    - £26,400
    - IELTS 6.5 overall (with a minimum of 5.5 in all sub-skills)

  - **Sustainable Agriculture and Food Security**
    - MSc
    - FT/PT
    - Online
    - £11,700
    - £26,400
    - IELTS 6.5 overall (with a minimum of 5.5 in all sub-skills)

Genetics

- **Genetics**
  - MPhil; PhD, MSc
  - FT/PT
  - Online
  - £26,100–37,900
  - IELTS 6.5 overall (with a minimum of 5.5 in all sub-skills)

  - **Medical Genetics**
    - MRes
    - FT
    - £10,200
    - £25,200
    - IELTS 6.5 overall (with a minimum of 6.5 in all sub-skills)

  - **Mitochondrial Biology and Medicine**
    - MRes
    - FT
    - £10,200
    - £25,200
    - IELTS 6.5 overall (with a minimum of 6.5 in all sub-skills)

  - **Regenerative Medicine and Stem Cells**
    - MRes
    - FT
    - £10,200
    - £25,200
    - IELTS 6.5 overall (with a minimum of 6.5 in all sub-skills)

For more information on the International English Language Testing System (IELTS) see page 36.
Although great care is taken in compiling this Postgraduate Guide, it is for the general guidance of prospective students only. This publication is intended for those who are interested in applying for admission to the University in 2022 and is intended as advance publicity for information and guidance purposes only. Details included are correct at the time of publication in October 2021. The most up-to-date and detailed source of information at any time is the postgraduate website at ncl.ac.uk/postgraduate.

The matters covered by this publication are subject to change from time to time, both before and after a candidate's admission. Unavoidable changes may on occasion have to be made, affecting the availability of degree programmes, subjects, modules and options within degree programmes, and of additional opportunities such as placements, field trips and exchange visits. Reasons for change could include timetabling issues, changes in staff, requirements of programme-accrediting bodies, academic changes within subject areas, or due to minimum student numbers on a course.

The University makes all reasonable efforts to deliver the programmes of study and other services and facilities as described in its marketing material. However, it may be necessary to make changes to its provision in response to significant disruption, for example now that the UK has officially left the EU, or in response to Covid-19. The University is committed to delivering learning outcomes notwithstanding any necessary changes to mode of delivery. For the latest information go to ncl.ac.uk/study/covid-19.

The University is not responsible for the content of any websites which do not form part of the Newcastle University domain (www.ncl.ac.uk) and whose addresses are given in this publication.

Equal opportunities

The University’s Equality Strategy is our public declaration of our commitment to develop a fully inclusive University community, which recruits and retains talented staff and students from all sectors of society equally. ncl.ac.uk/who-we-are/equality

Alternative formats

For information in alternative formats on any of our courses and on student life in Newcastle, please contact Student Services. ncl.ac.uk/enquiries

The University is committed to making our website, and the material provided on it, as accessible as possible. ncl.ac.uk/info/accessibility

Closer than you think

Direct flights from Newcastle International Airport to multiple destinations worldwide, and fast road and rail links to the UK’s major cities, mean we’re well connected. ncl.ac.uk/who-we-are/contact/maps

Average train times to major UK cities:
- London: 2 hours 55 minutes
- Leeds: 1 hour 30 minutes
- Edinburgh: 1 hour 30 minutes
- Manchester: 2 hours 25 minutes
- Birmingham: 3 hours 25 minutes

Airports with direct flights to Newcastle

Newcastle University and city landmarks

1. King’s Gate Student Services building
2. Old Quadrangle on campus
3. Students’ Union Building
4. Haymarket Metro station
5. Northumberland Street (Newcastle’s main shopping street)
6. Eldon Square shopping centre
7. St James’ Park - Newcastle United’s football stadium
8. Newcastle University Business School and Newcastle Helix
9. Quayside cafés, bars, bridges and restaurants
