

Ready to discover your future

Newcastle University
Postgraduate Virtual Open Day

Wednesday 26 November 2025
10:30 - 13:00 and 16:00 - 18:30

Welcome to our Virtual Open Day

We're delighted you've joined us to explore your postgraduate study options at Newcastle University.

Our Virtual Open Day event has been designed around you, so you can hear from our subject specialists, explore our degrees, take a tour of our campus, see our facilities – and start to imagine yourself here.

And if you've got a question, whether it's about the application process, accommodation, finance, wellbeing, or any other aspect of the learning and student experience at Newcastle, our expert staff will be on hand to advise.

We hope you enjoy the event and finding out more about how postgraduate study at Newcastle will help you achieve your future goals.

Using our Virtual Platform

How do I log in?

Go to virtual-event-nclpg.vfairs.com and login using the details you received via email. We'll also send you a reminder of the login details before the event.

How much time will I have on the site?

Our Virtual Open Day will run at two points across the day - 10:30 - 13:00 and 16:00 - 18:30 - so there's plenty of time to explore the event.

Your login details will still be valid for 10 days after the Open Day. You'll be able to access our platform and resources, you just won't be able to chat live to our staff.

What will I see when I log in?

When you enter our virtual lobby, you'll see options to visit our:

- Welcome Desk
- Auditorium
- Student Hub
- Exhibit Hall for our three faculties: Medical Sciences; Humanities and Social Sciences; Science, Agriculture and Engineering

How do I navigate around the event?

From the lobby, click on the name of the virtual space you want to visit:

- to join a live session or watch on-demand content, go to the Auditorium
- for information about our degrees, chat to staff and explore digital content in our subject booths in our Exhibit Hall
- for details of our student services, including expert advice on admissions, accommodation, careers, finance, wellbeing support and much more, go to the virtual booths in our Student Hub
- for advice about the event or how to use our platform, go to the Welcome Desk

To find a particular booth in one of our virtual halls, click through the exhibitors' index, or scroll to the booth you want to visit. The menu bar at the top of your screen also allows you to navigate across all virtual spaces in the event.

Our platform has been designed to use on a PC, tablet and mobile so you can visit our Open Day wherever you are. To get the best experience, we recommend viewing on a big screen if possible.

How can I 'speak' to staff and students?

Staff will be available via live chat in our Welcome Desk. If you want more information about our degrees, join a live subject session, or chat to staff in each subject booth. Staff from our Student Services will be available to chat to in their booths, and during our Chat to us, Student Services Q&A panel.

TOP TIP!

Make sure you fill your briefcase with our useful resources – hit the download button and enjoy later.

What if I can't find the booth or session I'm looking for?

Go to the chat room at our Welcome Desk and a member of staff will be happy to help you.

Where can I find resources and how do I download them?

Our booths feature videos and resources you can view straight away or add to your briefcase for later.

When you're ready to download your briefcase, select the Briefcase tab in the main menu bar, highlight the resources you want to keep and email them to yourself.

The event has started, but I can't log in, what should I do?

If you're having difficulty accessing our event, contact us via email at open.day@ncl.ac.uk

Join our live sessions

Our live and on-demand sessions will be accessible via the Auditorium.

Applying and student life

The University makes all reasonable efforts to deliver the programmes of study and other services and facilities as described in its marketing material. However, it may be necessary to make changes to its provision in response to significant disruption. The most up-to-date and detailed source of information at any time is available on the [Newcastle University website](#) and in our [terms and conditions](#).

Scholarships

Newcastle University offers a range of Scholarship Schemes. Find out more at ncl.ac.uk/postgraduate/fees-funding/scholarships-bursaries

All live sessions are subject to change.

We'd love to see you again

We're planning other virtual and on-campus experiences, so you can find out more about Newcastle University. We also regularly travel overseas to meet students and to help answer all your questions about studying with us. To keep up to date with what's on offer, check out our [**events calendar**](#).
