

Plowden (Lady Bridget) Archive

Complete List of Reports and Publications within the Archive

Lady Plowden held an extensive library of reports and publications which covered the range of her personal and professional interests. They are split however between a large central collection, and a number of smaller collections which Lady Plowden filed separately as part of her work with various organisations.

To provide an overview, this is a complete list of reports and publications, from across all of the different sections of this archive. If you would like your own Excel version of this list please contact us at lib-specenq@ncl.ac.uk.
